December 14, 2015 - PRESSADVANTAGE -

Lawrence Source Review, a company in Murrieta, CA, has announced that it is promoting the new Start Living Book Now service. This is a service that enables people to find tremendous discounts on all their hotels, flights and cruises. According to the company, it is an opportunity for people to make their travel dreams come true in a way they can afford.

"Traveling is good for the soul and something that most of us not only enjoy but actually need for our overall mental health and well-being," says John Lawrence from Lawrence Source Review. "Unfortunately, it is also often very expensive, particularly to some of the world's nicer destinations. Through this service, however, people can finally get to feel the sand between their toes without having to worry about their budget at every turn."

At the same time, the company is promoting the 2SL program, which is an opportunity for people to travel and earn income today. The travel industry is one of the largest industries in the world, being worth an estimated \$8 billion. The 2SL program enables people to become part of that industry and earn an income themselves. The program offers people up to eight different ways to earn money by selling travel packages to other people.

"2SL is a fantastic opportunity to make money out of doing things you, and other people, love: travel," adds John Lawrence. "For instance, you can earn for every Ultimate Lifestyle package you are able to sell. And the system is set up in such a way that tremendous earnings are possible to obtain. In fact, by referring just three people to the system, there is an earning potential of \$1,200, enough to buy your own vacation to the sun."

For Lawrence Source Review, the goal is to make sure people can see the planet for as little money as possible. They encourage everybody to sign up to their system to earn money and save money at the same time. "Sign up today and save up to 50% off all your future hotel stays," says John Lawrence. "Allow yourself to start living without having to worry about how much it costs."
