

New Picnic Toronto Condominiums Launched

December 11, 2015

December 11, 2015 - PRESSADVANTAGE -

The Prime Marketing Team are proud to announced that they have been supporting a new project for condominiums in Toronto. The project, known as Picnic, enables people to live in elegant and cozy surroundings in one of the most beautiful parts of Toronto. Full details are available through <http://www.primenewcondos.com/picnichighpark/>.

Anna Zarvanjski from Prime Marketing Team says: "Picnic is just like it sounds: an elegant and cozy setting perfect for you, your family and friends to relax and enjoy the green life that Toronto has to offer. The views are as great as you'd expect being next door to Toronto's biggest and most beautiful park. We are very happy to be supporting this new condominium project."

The location is one of the most scenic spots in Toronto. People are able to enjoy the fresh air and the sunshine and there are plenty of opportunities for luncheons in the area. The neighborhood boasts of tree-lined streets with various gracious homes and is just a stone's throw away from a stunning park with amazing green spaces. The developers have called it 'Paradise at Your Hands' and it is easy to see why.

The company offers various condos across the Toronto area, as can be seen on <http://www.primenewcondos.com/>. Their goal is to make sure people are able to afford the most beautiful homes, which they may previously have believed to be available only through lease or rent. The work the company has done has enabled people to own the home of their dreams and it is highly recommended. "My dream property, I always believed, was well out of my reach," says Richard M. "I didn't even want a private island, but just a nice condo in the city I love so much. Thanks to Prime New Condos, I was able to achieve just that. I still can't believe how easy it actually way."

Those interested in the Picnic project, or any of the other locations that Prime New Condos has available, are encouraged to contact the company as soon as possible. Full details about their mission and methods of working are available through <http://www.primenewcondos.com/aboutus/>.
