Gatsby Glass of East Tulsa is offering the city's homeowners a wide range of sophisticated interior glass solutions for every room of the house. Tulsa residents are welcome to find out more at: [Visit Web Site](#).

Gatsby Glass is known nationwide for its top-notch selection of standard and custom interior glass solutions for both residential as well as commercial customers. While it specializes in shower door installations, the company can craft almost any custom glass solution that its clients can envision. Its experienced team of professional glass installers uses the highest quality materials and follows all the recommended industry-standard practices to create eye-catching glasswork installations that stand the test of time.

The company's residential custom glass projects include everything from wine rooms, saunas, home gyms, pool railings, balcony railings, countertops, flooring, and more, while its commercial glass installations are found in businesses operating in industries such as retail, restaurants, hospitality, office spaces, multi-family, medical facilities, health clubs & spas, museums, and more. To get a sense of Gatsby Glass's capabilities, Tulsa residents are urged to visit its website to browse through the work it has done for property owners all over the United States.

Customers get to visualize their designs with Gatsby Glass's intuitive and fully featured shower door visualizer. The software runs directly on the company's website, allowing users to select a scene and choose from a large selection of glass, hardware, and metal finish options for the shower glass, frame, handle, and finish. The visualizer offers a first-hand look at how the multitude of combinations work together and helps customers arrive at a final design that perfectly encapsulates their tastes and preferences.

The East Tulsa location of Gatsby Glass is owned and operated by Jeff Lamb, a seasoned sales executive with over 15 years of professional experience. The location also serves homeowners and businesses in nearby Broken Arrow, Catoosa, Chouteau, Claremore, Inola, Locust Grove, Oologah, Owasso, Pryor, and surrounding communities.

Whether you need a frameless or semi-frameless shower, or a custom enclosure that is specifically designed to maximize the utility of your bathroom space, you can count on us to create picturesque and economical designs that fit your needs and budget. We can also craft other bespoke interior glass solutions such as mirrors, stair rail and treads glass, walls and enclosures, and even smart solutions that offer privacy and add elegance.

Gatsby Glass's services have resonated with East Tulsa residents who profusely praise the company in their several 5-star reviews. Customers thank the work done by Jeff and his team and note the professionalism of the company's glass installers, the design and setup options available, and the quality of the work delivered.

One reviewer from East Tulsa says, "Pricing seemed reasonable. They explained their recommendation for our new shower and are working directly with our contractor who referred them. I'm looking forward to getting the shower installed." Another client writes, "I have shower doors purchased and installed by Gatsby Glass. Completely 100% satisfied with their product and service after installation. First-class operation."

Jeff shares why he chose the franchise by saying, "Apart from its industry expertise and innovative product offerings, the thing that really sealed the deal for me is Gatsby Glass's emphasis on community. The company recognizes the passion that its franchisees have for serving their local communities. I've lived in Owasso my whole life. Tulsa has still hung on to that small-town feel that many places across the country have lost. So, I feel a close bond with everyone I serve, and it is very important to me that I offer nothing but the best to my friends and neighbors. I chose to work with Gatsby Glass because it allows me to do that while also running a successful business. For more information about our parent company go to: [Visit Company Website.](#)"
