Seattle, WA - Hanson Chiropractic & Massage, a leading chiropractic clinic in Seattle, is revolutionizing injury rehabilitation with their comprehensive and personalized approach. Driven by a commitment to helping patients recover from auto accidents, work-related injuries, sports-related traumas, and other conditions, Hanson Chiropractic offers a wide range of specialized services tailored to each individual's needs.

Under the expert care of Dr. Michael E. Hanson, a highly qualified chiropractor with over two decades of experience, Hanson Chiropractic is dedicated to promoting natural healing and empowering patients to achieve optimal health. As an approved U.S. Injury Centers Chiropractor, Dr. Hanson has provided exceptional patient treatment since 1998.

The clinic's expertise spans various areas of injury rehabilitation, including:

Auto Accident Rehabilitation: From whiplash to herniated discs, the experienced team at Hanson Chiropractic

employs chiropractic adjustments, spinal decompression, and other proven techniques to alleviate pain and facilitate the body's natural healing processes. They understand the impact of car accidents on individuals' lives and are committed to helping patients recover and regain their quality of life.

Sports Injury Rehabilitation: Athletes of all levels can benefit from the clinic's advanced chiropractic techniques and rehabilitative exercises, which enhance mobility, reduce pain, and help individuals regain optimal performance. Whether it's a sprain, strain, tendonitis, or other sports-related injury, the team at Hanson Chiropractic has the expertise to provide tailored care and support athletes in their journey to recovery.

Workplace Injury Rehabilitation: Recognizing the challenges faced by those in physically demanding jobs, Hanson Chiropractic provides specialized care, including spinal adjustments, therapeutic exercises, and ergonomic advice, to aid recovery and prevent future injuries. They work closely with patients to create personalized treatment plans that address their needs and promote a safe and healthy work environment.

Post-surgical Rehabilitation: For individuals recovering from surgical procedures, the clinic offers gentle techniques to reduce pain, improve range of motion, and expedite recovery. They collaborate with surgeons and medical professionals to ensure a comprehensive approach to post-surgical care, helping patients regain functionality and resume their daily activities as quickly as possible.

Chronic Pain Rehabilitation: Hanson Chiropractic understands the debilitating impact of chronic pain conditions such as arthritis, fibromyalgia, and sciatica. They develop customized treatment plans that combine chiropractic care, therapeutic exercises, and lifestyle recommendations to manage pain, enhance mobility, and improve patients' overall quality of life. Their holistic approach focuses on addressing the root causes of pain to provide long-term relief and promote general well-being.

At Hanson Chiropractic, a holistic approach is taken to address the underlying causes of injuries. Beyond symptom management, the clinic provides therapeutic exercises and lifestyle recommendations to support patients' recovery. They aim to empower individuals with the knowledge and tools to prevent re-injury, improve their health, and enhance their overall well-being.

Dr. Michael E. Hanson, D.C., who holds a Washington State Chiropractic License #CH00003630, leads the dedicated team at Hanson Chiropractic. With a Doctor of Chiropractic degree from Life West College of Chiropractic, Dr. Hanson has built a reputation for compassionate care, dedication, and excellent service. He participates in speaking engagements and seminars to enhance chiropractic awareness and education. Dr. Hanson is also on the verge of completing the certification exams to become a diplomate of the American Chiropractic Rehabilitation Board, further showcasing his commitment to providing the highest quality of care to his patients.
