“We urge you to get started with the Gatsby Glass Shower Door Visualizer,” says Daniel. “Choose a virtual scene and try every combination of shower glass, shower frame, shower handle, and shower finish that strikes your fancy. For example, for shower panels, you can choose between the clear, custom textured, obscure, patterned, or rain panel style. For shower handles, you can pick between the antique style, ladder, rounded, or squared designs. Finally, you have a choice of 15 colors for the shower finish. When your shower enclosure design is just right, give us a call and we will take care of the rest.”

For homeowners, Gatsby Glass of Boca can also create custom designs for wine rooms, saunas, home gyms, pool railings, balcony railings, countertops, flooring, and more. The company’s glass stair rail and treads glass solutions can give any staircase a sleek and modern feel while also increasing safety for children and pets. Custom glass walls can be installed to open up confined spaces and make them feel more open and inviting.
