

## **Mighty Dog Roofing Coastal Bend Provides Free Estimates on Roofing Projects in Sandia Texas and Nearby Areas**

*July 18, 2023*

July 18, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing Coastal Bend, a roofing contractor based in Sandia, TX, is providing free estimates for roofing projects for properties in the Sandia, Coastal Bend, and surrounding areas. Sandia is a census-designated place and an unincorporated community in Jim Wells County, TX. There are many attractions in the Coastal Bend, such as the Blucher Park, Hans & Pat Suter Wildlife Refuge, Oso Bay Wetlands Preserve & Learning Center, Texas A&M University - Corpus Christi Hike & Bike Trail, South Texas Botanical Gardens & Nature Center, and more. The company provides a range of services, including: roof repair, roof installation, gutter installation, commercial roofing, gutter inspection, attic venting, gutter repair, and roof inspection. Those who are interested in the services provided by the roofing company can visit company website.

A spokesperson for Mighty Dog Roofing Coastal Bend says, "Twenty or more years of sun, wind, rain, snow, and even hail are enough to wear down any roof, no matter where you live in the Coastal Bend area. And sometimes, a simple repair won't do; a brand-new roof installation or roof replacement is better, both for your safety and budget. Whether we recommend repairing a small leak or replacing the entire roof on your house,

a licensed residential roofing contractor will review the options available to you with a detailed roofing estimate as if we were the homeowners involved. If you believe it is time to have your roof fixed, don't hesitate to request for a free estimate.?

To provide a reliable estimate, they will first visit the home or property and performed a drone-assisted inspection examining 25 elements of the roof and other external parts of the home. These will include: inspection of step counter flashing; eaves and rakes inspection; inspection of siding; inspection of storm damage caused by the wind; inspection of storm damage caused by hail; drip edge inspection; inspection of valleys; inspection of gutter aprons; chimney inspection; inspection of furnace caps and pipes; inspection of step and counter flashing; roof edging inspection; ventilation inspection; hip and ridge inspection; plumbing stack inspection; nail head inspection; attic inspection; downspouts inspection; gutters inspection; soffits and fascia inspection; foundation drainage inspection; roof ventilation and exhaust system inspection; window inspection; air conditioning unit exterior inspection; and inspection of roof sheathing or decking.

To ensure that the roof will last as long as possible, they can also offer the Watchdog Maintenance service, which includes yearly inspections and year after year comparisons. These maintenance reports are vital for insurance claims and they can also be important for realtors when selling the home. These regular maintenance checks can also help with the early detection of minor issues with the roof so that these can be repaired as early as possible to prevent them from becoming more serious problems in the future. The annual comparisons can also allow them to determine the remaining life of the roof. With such information, the homeowner or property owner can be ready for the large cost of a roof replacement.

Mighty Dog Roofing Coastal Bend also provides the Customer Vault. This sets aside a certain amount of personal storage for every customer. The content that may be kept in the Customer Vault will include: warranty information; monitoring of all repairs and replacements with dates, products, and services used; yearly updated drone inspection information; manufacturer information; photographs and videos; insurance information repair records; all insurance details for easy and convenient claims handling; yearly reminders for the inspection of the customer's roof; and reports for the customer's realtor/insurance agent.

Mighty Dog Roofing Coastal Bend is committed to providing a high level of quality, sophistication, and excellence in their customer service. All of the roofing projects they provide are handled by experienced and certified roofing experts, and they always take a technologically-centric approach to roofing. Their service area includes: Coastal Bend, Sandia, Beeville, Corpus Christi, Edna, George West, Golia, Port Aransas, Port Lavaca, Refugio, Sinton, and Victoria.
