Close to stores and fuel. On-site propane and small store. Small fishing pond, catch and release but wide variety of fish, great for the kids. Nice reservoir four miles away for fishing and kayaking.?

A review says, ?We found it a really clean, quiet and nice place to stay. Lots of long timers here, and lots of room for short stayers. When a miscommunication happened with some inconvenience to us, we brought it to their attention and they resolved it immediately. The owner's on site managers were very sincere and easy to work with. The prices at the store are reasonable, and it's a beautiful facility with a large reading room. Nice bathrooms.?
