Oxford Bathroom's industry certifications and awards back up its claims of craftsmanship quality and customer service. The company is a member of the HIA and the Master Builders Association, Australian organizations that represent builders, suppliers, and contractors in the nation's residential construction industry.

Apart from its talented crew of fully licensed and certified tradespeople, Oxford Bathrooms also gives its customers the choice of materials from the best manufacturers in the industry including Ace Ceramics, Con-Serv, Fienza, Greens Tapware, Caroma, Ledin, Linsol, Thermorail, Timberline, Turner Hastings, and Dorf. Choosing to work with Oxford Bathrooms, Sydney homeowners also get a 10-year warranty on workmanship and Home Owners Warranty Insurance from HBCF, the latter being a safety net for homeowners in the event of a builder's or contractor's insolvency, death, disappearance, or license suspension.

On its website, Oxford Bathrooms shares its three-step process to ensure it delivers premium quality bathroom renovation services every time. It begins with an on-site visit where the company's experienced bathroom designers assess the bathroom's plumbing, drainage, electrical, heating, and ventilation requirements and understand the homeowner's needs.

Following the visit, customers are invited to the showroom to discuss the design and pick out high-quality fixtures and fittings that match their target aesthetic. Next, homeowners are provided with a quote that includes all the selected décor options and the cost of the installation efforts.

Finally, when it's time for installation, the customer is assigned their very own Bathroom Construction Manager who provides regular updates on the progress of the task and supervises each crew member working on the renovation. They will be there to ensure the home is properly cleaned and tidied up before the final reveal and hand-off.

Homeowners in Sydney have time and time again recognized the work that Oxford Bathrooms does in their glowing online testimonials. The Sydney bathroom remodeler boasts an impressive overall rating of 4.2 out of 5.0 on its Google Business Profiles for its multiple locations. Customers profusely praise its on-time project delivery, professional and dependable crew members, and helpful customer service.
