December 15, 2015 - PRESSADVANTAGE -

Michelle Manley of Award Realty has launched a brand new website, Vegas Condo Scene, which features only the best high-rise condominiums for sale in Las Vegas. While some people are questioning the need for yet another website that offers real estate for sale, the Vegas Condo Scene is already attracting many visitors and it is generating a lot of interest. The site can be accessed at <http://www.vegascondoscene.com/>.

"Many of my clients are seeking high-end units to live or invest in," says Michelle Manley. "Whether domestic buyers or international investors, they often are unfamiliar with the opportunities available here in Las Vegas. I wanted a site that would be exclusive, listing only the best condominiums and also providing enough information electronically for buyers to get a real sense of the quality and atmosphere associated with these units."

The website is designed to create a focused and uncluttered view of the available condos, creating something as close to a live walk-through as possible. Michelle wanted to make sure that potential buyers would not be disappointed if they physically visited a unit that they had previously seen on a website. This is why all listings include photographs of every feature and amenity available not just in the condo unit, but also

of the entire building in which they are located. There is also a write-up on the location and the surrounding activities.

Michelle Manley has more than 19 years of real estate experience and has a Real Estate Broker Salesperson License in the State of Nevada and a Real Estate Broker license in the State of California. She is one of the top high rise and luxury condo specialists in Las Vegas selling more than 250 CityCenter high rise condos and 35 Mandarin Oriental penthouses, in just 3 weeks. Michelle has represented a broad spectrum of clients ranging from domestic buyers to international investors to large investment groups. She has a strong control of the buyers' market in Las Vegas with her wide-ranging connections throughout California and throughout the world. Full details are available on the Vegas Condo Scene's Facebook Page.
