Businesses Offered Complimentary Reputation, Review Management Starter Kit

December 10, 2015

December 10, 2015 - PRESSADVANTAGE -

Since 1988, O'Neill Enterprises Inc. (ONE) primary service has been business consultation in 'reputation management.' This effective and affordable service has often been mentioned on the popular CBS News, Fox, NBC, and ABC networks and thus has generated several positive headlines that have catapulted ONE to the top of the ladder.

With the top-notch management of Dori O'Neill (CEO), ONE has been able to generate over 700 million dollars for a variety of different companies across the country. It has been able to attain a great number of satisfied business owners from different regions.

Over the years, ONE has been able to still stand tall on the market due to the dedicated team that represents it. With over 35 years of experience in business and reputation management under its belt, ONE has recently launched an affordable reputation management agency that provides comment management, online review, and real-time reputation services, as there's a high need for these services on the market, but there aren't a lot of effective options available; therefore, ONE took note and decided to do something about it.

O'Neill Enterprises Inc. has a new buzz-worthy website: reputationshields.com. This particular site provides business owners who are interested in these three services with an introductory reputation comment and review management kit that contains an eBook reputation management time-saving tips and onsite three-minute video.

These informative tools are replete of useful information that can help any business give a 180-degree turn. The CEO of ONE, Dori O'Neill, wanted to go the extra mile in order to reach more business owners who require aid in these areas, which is why he and his team created reputationshields.com.

Besides the experience in business and reputation management, ONE also has a meaningful experience in public relations, twenty years to be exact. ONE specializes in reputation management and providing social media manager services to small to medium-sized businesses. This firm definitely doesn't show any signs of slowing down anytime soon.
