

Reel Zinger Charters Introduces New Boat To Fleet

August 01, 2023

August 01, 2023 -
NC based Reel Zinger Fishing Charters of Wilmington is pleased to announce the addition of a new fishing charter boat to their ranks: the Parker 25' Deep V hull with twin outboard motors. The brand is known for its premium offshore and inshore fishing boats, and Reel Zinger expects the newest member of their fleet to delight customers for years to come.

This particular boat, the company says, is equipped with Twin Yamaha 200s as well as an 18? bay boat for inshore and intercoastal areas. It is known for its strength and seaworthiness, and Reel Zinger says it has already demonstrated an easy ability to provide a smooth, dry yet exciting ride. Notably, the boat?s versatile nature makes it suitable as either a dedicated offshore fishing boat or a cruising vessel that does little more than show a family a good time. It is this versatility that also makes it so useful on the company?s charters.

Reel Zinger Fishing Charters of Wilmington offers full and half day fishing charters for both in-shore fishing and off-shore fishing off the coast. While prior experience would be invaluable to customers who wish to make the most of their trip, the company says their team will take care of all the most important requirements, making plans that take the customer?s preferences and other factors (such as the weather) into account in

order to sculpt an unforgettable experience.

Those interested in taking to the water in the near future are advised to focus on picking the type of charter they want ? and perhaps a specific type of fish. Once Reel Zinger is made aware of the customer?s desires, the team will organize every other aspect of their upcoming trip. This includes determining the best (and safest) routes, ensuring the boat is properly equipped for the full duration of a charter, ensuring an adequate number of safety devices are available (and fully functional) for an entire party and more.

Many who have had the pleasure of going out with Reel Zinger are quick to share high praise regarding their experience. In particular, customers enjoy having experienced captains on board who know how to take care of their needs and help them use their time on the water as productively as possible, be it to go Spanish mackerel fishing or simply take in the beautiful view.

?I went out this past Sunday and tried this gulf stream fishing charter company,? says a customer in their review. ?They helped us out and were knowledgeable of the waters and offshore techniques. I appreciate the fact that they helped fill my charter when others backed out at the last minute. I came home with 12 bags of fish! Thanks.?

Another review says, ?The team's expertise in fishing is indeed exemplary. We enjoyed ourselves the whole time. It was helpful, knowledgeable and funny. It's worth the money we pay to this gulf stream fishing charter. Thanks a lot, guys, for the memories.?

Reel Zinger Fishing Charters of Wilmington has helped customers reel in Redfish, Black Drum, Bluefin and Yellowfin Tuna, Wahoo, Mahi Mahi, Spanish and King Mackerel, all of which are common to the area. The team points out that the Wilmington and Wrightsville Beach Area are well known for the world-class fishing opportunities they provide, and the incredible variety of other activities to do in the area make it an incredible destination for locals and tourists alike.

In fact, Reel Zinger recommends a fishing charter to families as well as groups of friends, be they local residents who want to take in the sea air or tourists who intend to see the best the Carolina Coast has to offer. In addition to great fishing opportunities, the area is known for its excellent cuisine, hotels and even nightlife. Travelers are advised to look up everything the area has to offer when planning their next visit.

Reel Zinger Fishing Charters of Wilmington looks forward to giving customers an incredible adventure out on the water. The company would be more than happy to discuss schedules with customers in order to coordinate a future fishing charter. Anyone can get in touch with Reel Zinger Fishing Charters of Wilmington

over the phone or through the company?s social media platforms.
