

PrimeEffects Announces Company Facebook Page

December 11, 2015

December 11, 2015 - PRESSADVANTAGE -

Today CEO, spokesman and founder of PrimeEffects, Philip Jepsen, announced a company Facebook page. PrimeEffects is a consumer products company dedicated to bringing unique, high quality products to the market, along with excellent service and a pleasant buying experience. The Facebook page will focus on various PrimeEffects products, and act as a community hub for announcements and the sharing of information.

"Everything needs to be on the social channels," says Mr. Jepsen. "And Facebook is the biggest there is. More people are on Facebook than on any other service, and these days shoppers expect to be able to find you there. Not only that, it's a great way to keep valuable information in front of your customers, and the perfect channel for reaching new customers. We're proud to be announcing this page."

PrimeEffects offers specialized products acquired after much market research, and usually items that aren't readily available in stores. Some of their more popular items include an advanced sleep mask, various specialized first aid kits and accessories, a small but powerful electric air horn for motorcycles and scooters, and an all-natural, organic bug control solution that is non-toxic and completely safe for kids and pets.

"Some might consider our catalog varied to the point of being eccentric," says Mr. Jepsen. "But that's just the

products we've chosen. These are all generally helpful in the fields of health and safety, and each of them is unique in its own way. Having a Facebook page to discuss and showcase these items will definitely help keep them in the minds of potential customers."

The Facebook page has been ongoing in one form or another, and is now being officially announced. Product details, news and announcements will become part of regular updates.
