

Best Salad Dressing Shaker Now Offering A Free Garlic Peeler Upon Purchase For A Limited Time

August 02, 2023

LITTLETON, MA - August 02, 2023 - PRESSADVANTAGE -

Cestari Kitchen, a premier kitchen products retailer based in Littleton, MA, is pleased to announce a new promotional offer for the Cestari Salad Dressing Shaker.

Made from premium borosilicate glass, the Cestari Salad Dressing Shaker is the perfect dressing carafe for making, mixing, serving, and storing dressings, sauces, and marinades quickly and easily. The small salad shaker bottle is offered in three 10-ounce variants, green, white, and black, and comes with three recipes, Italian Dressing, French Dijon Vinaigrette, and Creamy Ranch Dressing, printed on it for easy reference.

With the latest promotional offer from Cestari Kitchen, buyers will receive the company's Garlic Peeler for free when they purchase one or more green Salad Dressing Shakers on Amazon. The promotional offer is available until the 9th of August and customers can use the best Salad Dressing Shaker promo code GREENSALAD to get the free peeler.

“Whether you are serious about eating healthy and losing weight or are just craving a delicious salad once in a while,” the spokesperson for Cestari Kitchen says, “our Salad Dressing Shaker allows you to indulge without making a mess in your kitchen. The leakproof seal on the salad shaker helps you concoct all the dressings and sauces you need without dripping any on your counters. Just shake the jar and the whisk within acts as an emulsifier, combining even oil and vinegar thoroughly for a smooth and consistent dressing to elevate your creations.”

The handle of the Cestari Salad Shaker unscrews from the mixing jar giving convenient access to a wide opening to easily add oils, vinegar, juices, wine, mayonnaise, mustard, garlic, onions, and herbs and spices for seasoning. Buyers can leave the extra dressing in the salad dressing server knowing that the food-safe borosilicate glass will keep it fresh for a second serving.

Apart from making salad dressings, the best Salad Dressing Shaker on Amazon can also be used for a variety of other purposes around the kitchen including mixing flour and drippings for gravy, making a marinade with acidic ingredients such as vinegar, citrus juices, and wine, and any other reason that buyers see fit. The shaker’s borosilicate glass exterior is heat safe which means it can also be used to mix hot fat for a range of sauces and gravies.

“Here at Cestari,” says the spokesperson, “we are very selective about the materials that our products are made from. The Salad Dressing Shaker is no exception as it has been crafted to be dishwasher safe, and BPA and phthalate free to give you the peace of mind that chemicals won’t be leaching in your food. Moreover, if you ever feel uneasy about the purchase, you can rest assured because the Salad Dressing Shaker, like all Cestari products, is covered by our lifetime manufacturer’s “No Questions Asked” replacement promise.”

The quality of the product and its utility has resonated with buyers on Amazon as it boasts an impressive 4.5 out of 5.0 overall rating on its product page. Nearly 3 out of 4 of the best Salad Dressing Shaker reviews are 5-star and it also scores 4.6 out of 5.0 for being easy to use, 4.5 out of 5.0 for being leakproof, and 4.4 out of 5.0 for being easy to clean.

A recent review says, “This has become my favorite kitchen gadget! The recipes are right on the bottle so I don’t have to hunt them down while trying to cook dinner. I love using glass vs. plastic also. I use this every single day. I ordered an extra for a gift for my mom - she admired mine the last time she visited!”

Another 5-star review says, “This is a high quality, simple to use salad shaker. It even has recipes printed right on the bottle! Simply add ingredients to the fill lines marked on the bottle, shake and you’re ready to go. Elegant design stores easily in the fridge for future use.”

Readers are urged to visit Cestari's Amazon page to browse through its entire range of kitchen tools and find out more about how they can make cooking time more productive and fun.
