December 14, 2015 - PRESSADVANTAGE -

Right At Home Realty Inc., operating from Mississauga, ON, Canada, has announced that they are now offering new Toronto condos based at York Mills through the Prime New Condos website. The project, which is known as 'Ravine Condos', is an opportunity for people to purchase a condo in one of Toronto's most prime locations. Full details are available through <http://www.primenewcondos.com/ravinecondosatyorkmills/>.

"We are so proud to be able to offer condos at the Ravine," says Stevo Zarvanjski, a salesperson at Right At Home Realty. "Now you too can enjoy living in this 13 acre master-planned community alongside Brookbanks Park with breathtaking views and exceptional amenities. Ideally located south of the 401 with easy access to the city, it really is a dream spot."

The company helps people to invest in condo real estate, something that has enabled some people to earn millions. This type of investing remains very interesting and the company feels that it is an opportunity for people to see a return on their investment very quickly. They offer a number of prime locations that people may be interested in, the Ravine being just one of them. They also offer Dundas Square Gardens and Riva Delago, to name but a few. Full details about the various locations and how the system works can be obtained through <http://www.primenewcondos.com>.

The work done by the company has been incredibly well-received by condo investors and buyers. "Thanks to Right At Home Realty, I got the investment knowledge I needed, which is something most professional investors will not share," says Donald T. "I really feel that my investment portfolio makes me stand out from the crowd. All I have to decide now is whether I will decide to pay for my son's education, or whether I decide to retire early. Maybe I can even find a way to do both. Thanks for all your advice and help."

More information can be obtained at <http://www.primenewcondos.com/aboutus>. The company's goal is to bring potential investors together so that they can find the properties they are looking for. They encourage everyone to visit the website for further information.
