

Gilbert General Contractor Phoenix Home Remodeling Offers The Advantage Of The Streamlined Design-Build Approach

August 07, 2023

August 07, 2023 -
Gilbert general contractor Phoenix Home Remodeling is offering the city?s homeowners full home remodeling services with its unique Design-Build business model.

Gilbert homeowners can rely on Phoenix Home Remodeling for the planning, design, tear down, construction, and clean up of every room of the house including the bathroom, kitchen, shower, laundry room, entertainment walls, home offices, fireplaces, and a range of other general contractor services. The company prides itself on using the design-build approach that gives clients the chance to evaluate its services based on a final cost after the design and planning stage.

?Working with a home improvement contractor can be frustrating,? says the spokesperson for Phoenix Home Remodeling, ?especially if they do not follow a streamlined process. With an inexperienced contractor, you may get an attractive initial bid but then might be forced to pay extra fees when the original quote does not

cover all the costs. In fact, general contractors have the second most consumer complaints in the US behind used car dealerships and the most complaints per transaction.?

Phoenix Home Remodeling?s design-build process allows clients to pay a firm to generate 3D plans, design essential elements, and establish home improvement project parameters before committing to the package. With thorough documentation, most of the homeowner's concerns are eliminated, and they are assured a streamlined and efficient approach from designers and builders.

?It is the most effective way to reduce risks and avoid the nightmare that typically follows hiring a substandard contractor,? says the spokesperson. ?The design-build process allows you to essentially test drive a business before you trust them with your home?s renovation. You will have complete ownership of the feasibility, planning, and design package, which you can even transfer to any other renovation business if you choose. To find out more about what we can do for you, call us today to schedule an appointment.?

Phoenix Home Remodeling?s commitment to the design-build process has earned it several industry recognitions vouching for its effectiveness. It has been featured in numerous publications including Better Homes & Gardens, AZ Central, Real Simple, Time's Next Advisor, Builder Funnel, Digital Journal, and more. The company boasts an A+ rating from the Better Business Bureau and was featured as one of Expertise.com?s Best Remodeling Contractors in Chandler in 2021, won the 2021 Best of Houzz Service award, and was #1 in the Remodeler?s Category from Ranking Arizona the same year.

Moreover, the company even boasts a perfect 5.0 out of 5.0 rating on its Google Business Profile from over 80 reviews. Customers praise the company for the excellent, up-to-date communication from its crew members, the talented and creative design team, the timely delivery of project milestones, and responsive customer service.

A recent review says, ?Phoenix Home Remodeling has outdone themselves! I needed a "bathroom remodel near me" and decided to reach out to them. The professionalism and attention to detail they put into my bathroom remodel were top-notch. Not only did they provide modern solutions for my outdated fixtures, but the transition was seamless. They paid attention to every request, transforming my ideas into a tangible, luxurious reality. I?m thrilled with my new bathroom. It's everything I envisioned and more!?

Another homeowner writes, ?We had Phoenix Home Remodeling come in and renovate our primary bathroom and we couldn't be happier with the process and final result! From the initial consultation and the design process to the actual demo and renovation, everything was so smooth and easy. Honestly loved working with them and hopefully will have them back in a few years to update our other bathrooms!?

Homeowners in Gilbert can head over to the company?s website to find several tips about the home

remodeling process for every room of the house. The company even provides advice on the right financing options to choose for a home renovation.

Readers can get in touch with Phoenix Home Remodeling at (602) 492-8205 to schedule an appointment or for inquiries about its range of remodeling services.
