December 14, 2015 - PRESSADVANTAGE -

Tisha's Choices, a business in Vancouver, Washington, has announced that the company's My BioDefense product has been featured in Natural Health Magazine. The product, which can be given as a Christmas gift for anyone, has been quickly selling out ever since. People are encouraged to order theirs as soon as possible and can be done through http://www.amazon.co.uk/gp/product/B00RUE0GO4/ref=as_li_tl?ie=UTF8&camp=1634&creative=6738&creativeASIN=B00RUE0GO4&linkCode=as2&tag=wwwtishaschoi-21. "We're very proud to have been featured in such a prominent magazine," says Tisha Vollum, founder of Tisha's Choices. "To have our product recognized as being one that offers people excellent health benefits is all that we could have asked for. And we're happy to see that people have taken note and are making proactive choices in terms of achieving greater overall health and well-being." My BioDefense is a mini travel folding UV-C sanitizer. It has been designed to kill up to 99.9% of germs, bacteria and viruses. It can be used on a variety of items, including doorknobs, mobile devices, pet and baby toys, television remotes, shopping cart handles and more. The sanitizing wand takes just seconds to clean the item in question, destroying all the nasty germs that accumulate over time and through frequent use. Tisha's Choice, as can be seen on http://tishaschoices.com/main_page.html, is committed to making people's lives easier. They offer a variety of

products in order to achieve this, but their sanitizing wand is by far the most popular. Since it was featured in the magazine, people have been leaving a wealth of positive reviews. "I was very happy to try this folding UV light sanitiser as I am a germaphobe and hate the thought of lurking bacteria, germs and viruses on my surfaces, products and out of the home," says one happy customer. "I look after my health and I definitely don't want to get ill because of other people's poor hygiene. I have been using mine on the kitchen surfaces, keyboards and mobiles as well as the steering wheel of the car. I also plan to take it with me when travelling for added reassurance when I have to use public facilities and also when staying in hotels."
