

The Mabra Law Firm Gives Away 500+ Backpacks to Students in the Atlanta Area

August 10, 2023

Atlanta, Georgia - August 10, 2023 - PRESSADVANTAGE -

The Mabra Law Firm, based in Atlanta, GA, has given back to the community in the form of more than 500 backpacks to students in the Atlanta area. In a partnership between the law firm and the local radio station, WALR-FM (Kiss 104.1), over 500 students were given backpacks full of essential school supplies for the upcoming school year. The collaboration focused on families experiencing financial difficulties, promoting an environment where every child is given a fair chance to study and finish their schooling.

Ronnie Mabra, founder and managing partner of The Mabra Law Firm, says, "We understand that many families are facing financial challenges, making it difficult for students to access the necessary supplies. Atlanta is my home. The people of Atlanta are my family. The Mabra Law team and I are honored to give back to our Atlanta family by sponsoring Backpacks for Back to School with Kiss 104.1, The Boys & Girls Club of Atlanta, and The Children's Restoration Network providing local children with the tools they need to make the most of the upcoming school year."

Meanwhile, with regard to the services provided by The Mabra Law Firm, Ronnie Mabra says, "We handle all types of personal injury cases that our clients experienced at work, while navigating the roads, or even on

vacation. Automobile, truck, or motorcycle accidents, slip and fall, and accidents while on the job are some of the kinds of personal injury cases we handle. Whether the incident resulted in a life-altering injury, our legal team fights tirelessly to ensure you receive the compensation you deserve."

Personal injury accidents are common in Georgia, with the police reporting around 6,296,000 traffic accidents yearly. Other cases include: bicycle accidents, wrongful death, car wrecks, 18-wheeler wrecks, catastrophic injuries, motorcycle wrecks, premise liability, and pedestrian accidents.

Collisions between bicycles and other motor vehicles are also common in Georgia. Those who were riding their bicycle and have been injured by a negligent driver can request legal representation from The Mabra Law Firm. They will strive to build a strong case so the accident victim can focus on healing while the firm pursues the compensation the accident victim deserves.

The Mabra Law Firm also helps victims of catastrophic injuries, such as severe brain or spine injuries. These injuries severely impact the victim's life, limiting their ability to work, do daily tasks, and care for their family. This is due to the fact that these injuries can result in permanent brain damage, paralysis, disfigurement, and/or chronic pain.

Launched in 2007 by Ronnie Mabra, The Mabra Law Firm is committed to providing the best possible services to the people, the community, and the state. He has an excellent record of recovering millions of dollars for his clients who have been injured through no fault of their own. The Georgia Super Lawyers magazine recognized him as one of Georgia's leading personal injury lawyers.

Those who want to learn more about the personal injury legal services offered can visit The Mabra Law Firm website or contact them by telephone.
