CONGER LAW

Conger Law Firm Recognized as Premier Advocate for Personal Injury Cases In Southern California

August 17, 2023

August 17, 2023 - PRESSADVANTAGE -

Conger Law, a personal injury law firm serving Southern California, is representing clients fighting the odds in wrongful death and catastrophic injury cases.

Founded by attorney Ryan Conger, the firm's practice areas include personal injury, wrongful death, auto accidents, truck accidents, motorcycle accidents, bicycle accidents, pedestrian accidents, insurance bad faith, workplace accidents, and wrongful termination. To date, the firm has recovered more than \$75 Million in combined verdicts and settlements for its clients who have gone up against insurers, large corporations, and government entities.

Ryan explains his dedication to helping accident victims by saying, "The insurance companies representing the person at fault for the accident don't care about your pain and suffering. Their only concern is shrugging off their client's responsibility for the accident and avoiding paying you what you are rightfully owed. To achieve this, they have armies of lawyers on retainer who are experienced at picking out flaws in your argument and, in turn, blaming you for the accident that has caused you so much anguish. As experienced personal injury attorneys, we level the playing field and help you get justice in a system where the odds are

stacked against you.?

Victims suffering from catastrophic injuries are advised to get a medical evaluation from doctors who are adept at performing a holistic diagnosis since some injuries, such as internal lacerations, may not manifest themselves for weeks or even months after the accident, leaving the victim to face mounting medical bills that jeopardize their future.

Ryan warns accident injury victims about dealing with insurance companies by saying, "These companies are not your friends. They know very well that some of your injuries are not going to start affecting your life long after the accident. So, they may offer you an initial payout to get you to settle the case quickly. Don't fall into this trap. By taking the fight to them you can ensure that you have the time and resources you need to fully heal from the accident without dipping into your own savings. Having experienced attorneys, such as me and the rest of the team here at Conger Law, on your side can be the difference between moving on from the accident or having it negatively affect you for the rest of your life."

Clients can work with Ryan Conger without incurring any upfront costs. The law firm only receives a percentage of the compensation that its clients receive from the other side. "It's simple," Ryan says, "we only get paid if you win. So, you can rest assured that we will work as hard as possible to get you justly compensated for your injuries while you focus all your energies on recovering from the accident."

Ryan's expertise in jurisprudence and his passion for defending underdogs are reflected in the many positive reviews he has received from satisfied clients. The firm's Google Business Profile even boasts a perfect 5-star rating from clients who thank Ryan for his knowledge and professionalism and responsive support throughout the length of their cases.

A recent review says, "Ryan Conger and the entire crew at Conger Law are top shelf. I am a trial lawyer in New Mexico, and when I needed help with my own personal lawsuit in San Diego, I turned to Ryan Conger and his firm. I am glad I did. They are professional, thorough, creative, and strong advocates. Ryan took really good care of me and my case and I am very grateful."

Another client writes, "Should you ever need - or think you need - any legal help, call Ryan Conger. Ryan and his team possess the expertise, diligence, timely follow-ups, and a multi-faceted approach that have proven invaluable for me. I was referred to Ryan and happy to do the same. Ryan's handling of my situation provided the absolute best outcome possible. Thank you, Ryan!"

Readers can contact Conger Law Injury Attorneys at (619) 569-1919 for inquiries or to schedule a no-cost

consultation.
