

Kuharski, Levitz, & Giovinazzo, ESQ Recognized as Premier Personal Injury Law Firm in Staten Island

August 17, 2023

August 17, 2023 - PRESSADVANTAGE -

Kuharski, Levitz, & Giovinazzo Law Group, a personal injury law firm based in Staten Island, is helping its clients get the compensation they deserve after being injured due to someone else's negligence.

Known throughout the state for their track record of winning multi-million-dollar jury verdicts for their clients, the trio at Kuharski, Levitz, & Giovinazzo Law Group works tirelessly to bring personal injury cases to a successful resolution. For their efforts, the firm's lawyers have been recognized by the most prestigious groups and publications in the nation including Multi-Million Dollar Advocates Forum, Million Dollar Advocates Forum, Best Lawyers in America, Super Lawyers, Top 100 Lawyers, the Association of Trial Lawyers of America, and many more.

The firm's practice areas include personal injury, car accidents including drunk driving accidents and no-fault claims, construction accidents, defective products, dog bites, medical malpractice including birth injuries, motorcycle accidents, pedestrian accidents, premises liability, slip-and-fall accidents, wrongful death, and more.

Senior Partner Michael J. Kuharski talks about the reasons behind the firm's success by saying, "We are always in it to win it. We do all it takes to help our clients get the fullest compensation they are owed for an accident they didn't cause. While other law firms offer personal injury representation alongside other legal services, all three of us are laser-focused on personal injury law. So, when you are with us, you get attorneys who are always up to date on laws and changes relevant to today's injury cases."

Kuharski, Levitz, & Giovinazzo Law Group fights hard to ensure its clients get all the compensation that accident victims deserve including pain and suffering damages, medical care costs, lost income and loss of earning potential, physical therapy costs, permanent injury or scarring, loss of enjoyment of life, mental trauma, and mental health treatment.

"Often, the effects of an accidental injury go beyond just pain and discomfort," says founding partner Lonny Levitz. "Over the years, we have helped many clients who experienced life-changing damages following an accident where the party at fault was being grossly negligent in their duty. Apart from causing serious health issues, sometimes throughout one's life, accidents can also cause emotional trauma such as PTSD which is far more pervasive and debilitating than physical injuries. In such cases, we help you recoup all the major financial losses you may have had and ensure you have what you need to fully recover."

Kuharski, Levitz, & Giovinazzo Law Group has repeatedly received praise from clients who thank the firm for coming to their aid in their time of need. Several of the law firm's 5-star reviews on its Google Business Profile note the trio's expertise in all manners of personal injury law, their caring and compassionate handling of cases, and their responsive customer service.

A recent 5-star review says, "I can't highlight enough how pleased I am to have hired Lonny Levitz at this Law firm. Everyone in this Law firm is very diligent. My calls, emails, and more were always answered, and I am more than satisfied with the outcome of my settlement. I want to thank everyone in this law firm, especially Lonny Levitz, his work ethic is outstanding! Very straightforward but also transparent with his work. Special thanks to Michael Kuharski who took care of the last details of my settlement."

Another client writes, "This law firm is absolutely top-notch, and top shelf in everything they do. I have used them twice and have been very happy with the outcomes. All calls are answered quickly and professionally by their staff and Mr. Levitz is a really good "roll up your sleeves and get to work" kind of attorney. Having dealt with other firms in the past gives me the right to say that they are without question the best, most amiable, and knowledgeable lawyers you will find anywhere in the city."
