

Website Design Company Servicing Fort Lauderdale Offers Everything Businesses Need To Attract Customers Online

August 14, 2023

August 14, 2023 - PRESSADVANTAGE -

Fort Lauderdale Website Design SEO Company (FLWDSC) is offering a range of web marketing, design, hosting, and analysis services to clients in and around Fort Lauderdale, FL.

The company's services provide everything that individuals and small to medium-sized businesses need to build an attractive web presence and start reaping the benefits of a robust digital marketing strategy. This includes building the website, creating digital media assets, content marketing, social media marketing, PPC advertising, and much more.

"If you are not on the first page of Google Search for your target search keywords," says Jack Lombardi, the CEO of FLWDSC, "your business is as good as nonexistent. Almost 90% of the users who search for a local business on Google Search pick the top result to call or work with. So, it is critical that you know what your target audience is searching for online in your area and craft a strategy that shows customers you're an expert and trusted provider in your niche."

The company's web marketing services include SEO optimization strategies such as local SEO services, Google listing SEO, press release optimization, product feed optimization, search engine marketing, Yelp listing optimization, YouTube, and backlinking services. While the aforementioned methods are a long-term approach, the company can also help set up PPC (Pay Per Click) advertising to drive traffic quickly.

"We care about your return on investment (ROI)," Jack says. "So, we use a mix of short-term and long-term strategies that are going to be the most effective at propelling you to the top of the search results for your target keywords. Our game plan takes into account the conversion rates of your current website, keyword analysis, and even reputation management."

FLWDSC also offers a range of web design services to everyone from contractors, professionals, and even eCommerce companies selling products and services online. A detailed portfolio of the portals that the company has built for its clients over the years is available to browse through on its website.

Jack invites business owners to get a free report by saying, "If you have a website that is not working as well as it should at bringing you customers, sign up for our free 21-point SEO audit that covers all the areas where you can make measurable improvements. You also get a free 30-minute consultation where we help you understand the findings of the audit."

The team behind Fort Lauderdale Website Design SEO Company has been providing digital marketing services to clients of all sizes since 2012. With a team of 4 full-time employees and a combined work experience of more than 25 years, the team boasts dozens of testimonials vouching for their professionalism, SEO expertise, and friendly customer service.

One client talks about Jack, "Jack is a true professional who knows the marketplace and its growing changes and understands what it takes to make your website and company get to the results you're looking for. Not only is Jack full of insight and knowledge, but he takes the time to understand the individual needs of his clients and won't deliver anything short of his best. Professional, dependable, trustworthy, caring, and savvy are just a few words that come to mind when I think of Jack. I wouldn't hesitate to recommend him & his company to anyone!"

Another client writes, "I personally got to meet the founder and CEO of the company. We have a personal relationship like I have known him forever. He was willing to work with my budget considering the fact that I'm a college student. I have been searching for a web designer for the longest and I can honestly say I couldn't have found a better partner. If you are looking for a web designer who is honest, loyal, and friendly this is definitely the business for you. He is so awesome that I even made a quick movie about him."
