

# English Rentals Offers Easy Method for Removing Unwanted Waste with Dumpster Rental in Wichita KS

*August 14, 2023*

August 14, 2023 - PRESSADVANTAGE -

[Newton, Kansas] English Rentals, a company based in Newton, KS, is offering an easy way to remove junk with dumpster rental services in Wichita, KS, and neighboring areas. The company takes pride in offering a convenient and cost-effective delivery of roll-off dumpsters. The industry-strength bins can handle a wide range of waste items, such as refrigerators, mattresses, garbage, junk from foreclosure cleanouts, construction waste, yard waste, trash, appliances, television, furniture, hot tubs, and e-wastes.

Roll-off dumpster rentals have increased in popularity in recent years to help support a range of commercial, residential, construction, industrial, and demolition waste disposal efforts. The company's process is as follows: once customers reserve a bin using the company's online booking platform or over the phone, one of the staff members will reach out to confirm a delivery drop-off window. On the date of the delivery, one of the company's professional and experienced drivers will unload and place the bin at the location of the customer's choosing, paying careful attention to the property. Customers will then have the opportunity to fill the bin with unwanted waste (in accordance with the company's accepted materials list), and, once the bin is full or the project is complete, the customer can contact the English Rentals team to have the bin hauled away. The driver will load the bin, ensuring the property or work site is unharmed or undamaged, and will then dispose of the waste in accordance with local regulations at the county landfill.

English Rentals has received many highly positive reviews. In one recent review on Facebook, Nikole English said, "I highly recommend them! They are super friendly and have good Christian morals! I called Wednesday around 9:30 am and they couldn't drop it off till that night but let me keep it over the weekend for no extra cost just to make sure I got the full 3 days I paid for! (Most others did not offer that!) they are extremely respectful of property as well! No, I am not related to them at all we just have the same last name. No one bribed me to make the recommendation. I just truly feel like everyone should use them if they need a dumpster.?"

In another recent review, Wallace Allen said, "I recently used this company. Was my first time to rent a dumpster. If I need one again I will be calling Chance. On time friendly people, clean units, felt like I was dealing with friends rather than a big business. If you need to rent a dumpster give them a call. I am sure you will be glad you did."

There are two available sizes of roll-off dumpsters available for rent from English Rentals. These are the 20-yard dumpster and 30-yard dumpster. The 20-yard dumpster can hold up to 20 cubic yards of waste and measures 20 feet in length by seven feet in width by four feet in height. This is commonly used for home remodeling and construction projects, including attic cleanouts, kitchen remodeling, renovation of the master bedroom, basement cleanouts, garage cleanouts, yard cleanups, and other similar projects.

The 30-yard dumpster will hold up to 30 cubic yards of waste and measures 20 feet in length by seven feet in width and six feet in height. It is suitable for large-scale home remodeling projects, such as full bathroom renovations and full attic and garage cleanouts. This dumpster can be used for large, heavy, and bulky items that are produced from renovations, large landscaping projects, demolitions, and commercial cleanouts.

English Rentals is a family-owned and operated professional junk removal and dumpster rental service provider based out of Newton, KS, and offering its services in Wichita and surrounding areas.
