

Just Me Regina Releases Holiday Gift Guide 2015 Which Includes Chalk Board Markers

December 14, 2015

December 14, 2015 -

Caledon, Canada - The Christmas season is in full swing and everyone is concerned about what preparations will be done for the big holiday and which gifts can be bought for loved ones. One online blog ?Just Me Regina? has released a set of items that they feel are must-have items for the holiday season. This they have done in their Holiday Gift Guide 2015.

Just Me Regina has released a set of items which they feel are ?great gifts? for friends and family. These items included beautifully made and personalized books from I See Me, The Green Glove Dryer, and Vita Wool Dryer Balls. The gift ideas also included Moscow Mule Copper Mug, Jord Watch made from wood and Fun Chalk Chalk Board Markers.

According to Just Me Regina, the chalk board markers are useful to let children decorate and be creative. This is possible because the chalk markers can make markings on any non-porous surface. That means, apart from chalk boards, the chalk markers can write on blackboards, white boards and bistro boards. The

chalk markers can even write on windows, plastics and mirrors.

The chalk markers come as eight fluorescent colors that will not drip, smudge or fade during and after use. Children can explore their creative side and use the chalk board markers in a variety of ways. The colors even include a neon white to increase the visibility of markings on darker surfaces. According to the company Fun Chalk, children can do much more with these than with normal markers.

The chalk board markers can be useful on a variety of projects. Children can be sure to find suitable use in their arts and crafts projects. Teachers can utilize the chalk markers in their classrooms to make colorful chalk board markings. The Fun Chalk Chalk Board Markers are also useful for workers in the office. The markers can make signs, memos and notations.

The company highlighted that the clean-up is easy with the chalk board markers. All the user has to do is use a wet cloth and wipe and erase.

The markers are also environmentally friendly and conform to international standards for toy safety. They are non-toxic, xylene free, odor-free and dust-free. That means, the chalk board markers are an ideal choice for those who may suffer from allergies or asthma.

The Fun Chalk Chalk Board Markers are sold exclusively for online shoppers on the Amazon. The purchaser is also afforded free shipping if they buy three or more of the product at once from the online marketplace. Also, Gold Star Selections will be given $1 from each package sold this Christmas season to a worthy charity, Brunch Club, who help feed the homeless (especially our veterans).
