

The Blue Barn and Fun Chalk Showcases Creative Bookmarks Made From Chalk Board Markers And Duct Tape

December 16, 2015

December 16, 2015 -

Caledon, Canada - The Blue Barn is an Instagram page that displays art and nature loving pictures. The page is administered by a creative mother of four children named Joanna Walker. Recently the page highlighted a fun idea to create bookmarks using Fun Chalk Chalk Board markers and duct tape. The post became so popular that it was reposted by Fun Chalk on their own Instagram page.

The bookmarkers are created by adding duct tape to a rectangular piece of paper. This is done to cover the entire space such that the dark material is clearly visible. Then the duct tape is drawn and written onto to create colorful and unique bookmarks. The chalk pen markings were sealed by glitter sealer.

Fun Chalk imagined the endless possibilities that could be created using just duct tape and chalk board markers. The Blue Barn reasoned that it could become a fun after school activity for children and adults alike. The project turned out to be a fun way to use art supplies and keep children creative in arts and crafts.

The Fun Chalk Chalk Board Markers were useful for this project because they come in a convenient eight pack with bright neon liquid chalk pens. The bold colors are suitable for creating different types of designs on the duct tape. They are also fitted with a unique 6 mm reversible tip that allows the chalk pens to be fairly versatile. The chalk board markers can act as a broad tip chalk marker or a fine tip chalk marker.

The chalk board markers are capable of writing on duct tape because it can make markings on any non-porous surface. According to the company Fun Chalk, the markers are ideal to write on black boards, chalk boards, bistro boards and whiteboards. The liquid chalk markers can even write on windows, plastics and mirrors.

The chalk board markers from Fun Chalk can be used by both adults and children at home. As mentioned previously, it is a fun way to pursue arts and crafts projects. However, it can become useful to make notes to family members, label items and decorate the home. The markers are suitable to be used by teachers in the classroom in various instances. The liquid chalk markers also can be utilized in the office to make notes and create markings.

The chalk board markers are sold on Amazon at an affordable price. Customers can access 15% savings on qualifying items from Gold Star Selections once they purchase three of the product. They have to enter the code VWZA5A5Z at checkout to access the discount. Also, Gold Star Selections will be given $1 from each package sold this Christmas season to a worthy charity, Brunch Club, who help feed the homeless (especially our veterans).
