

Chalk Board Markers Featured By Fun Chalk As A Great Combination To Magna Tiles

December 21, 2015

December 21, 2015 -

Caledon, Canada - The Amazon vendor Fun Chalk has been showcasing some fun and creative ideas on their Instagram page to utilize their Chalk Board Markers. Instagram, being a place to display pictures and videos, is the best spot to highlight various options for work and fun with the liquid chalk markers. Recently, Fun Chalk pointed out that the chalk markers were a great way to add imagination to the dull work of Magna Tiles.

Magna Tiles are useful tools to create fanciful shapes such as homes and castles. They become even more interesting when chalk board markers are utilized along with them. The liquid chalk markers can make markings on the tiles in imaginative patterns.

The chalk board markers were featured on Instagram as a method of adding color and fun to the Magna Tiles. The chalk markers can create different designs on portions of the tiles for decoration. This would make the Magna Tiles more engaging for children at play. In the example displayed by Fun Chalk, the chalk board

markers were used to produce patterns on the top portion of the tiles which can add dimension and housing designs such as doors and windows.

In its feature, Fun Chalk highlighted that the chalk board markers were capable of being washed off the Magna Tiles fairly easily. This is possible because the user can use a damp cloth and wipe and erase patterns created on the tiles. This process of erasing is not only useful for cleaning the tiles but also to create separate designs than those initially done. Children who use the Magna Tiles can draw patterns and then wipe them off and start over. It offers a way to produce different moments of imaginative fun in a short period of time

Fun Chalk also featured the chalk board markers on Instagram as a non-toxic tool. That means it can be safely used by infants and teens. According to Fun Chalk, the liquid chalk markers are xylene-free, odor-free and dust-free. It is manufactured to be eco-friendly and is safe to use with children who suffer from allergic reactions and asthma.

The chalk board markers are made available exclusively on Amazon at competitive prices. The purchase of the markers are backed by a 30-day money back guarantee. Gold Star Selections will be giving $1 from each package sold this Christmas season to a worthy charity, Brunch Club, who help feed the homeless (especially our veterans).
