

Kelowna Commercial Cleaning Services Company

Primed To Serve The Fastest Growing Economic Region In Canada

August 28, 2023

August 28, 2023 - PRESSADVANTAGE -

Evergreen Building Maintenance Inc., a commercial cleaning and janitorial services company based in Kelowna, BC is ready to provide services for the billions of dollars' worth of office buildings and condominiums in different stages of construction in Kelowna.

With more than 250 employees and over 35 years of experience, they are the biggest local company offering such a service in the Kelowna area, the nearby cities such as Vernon, Penticton, Kamloops, Lake Country, West Kelowna, and the entire Okanagan BC area.

Evergreen Building Maintenance Inc. is the oldest, most established and reputable commercial cleaning company in the Okanagan region, already cleaning over 8 million+ sq. ft. of commercial spaces every day. And now they have geared up to provide their award winning janitorial services to all the new businesses coming to the city.

Evergreen Maintenance is able to achieve higher standards of cleanliness because they have dozens of crews with cleaning professionals with over ten years' experience. Since most of their staff have high security clearances, they can service all kinds of facilities like government offices, banks, airports, hotels, offices, office buildings, and more. So, whether it's a new aerospace company or a local restaurant, Evergreen Maintenance has the ability to provide the best service in the region.

Since Kelowna is considered the third-largest, fastest-growing technology center in all of British Columbia, Evergreen Maintenance is investing in cutting edge technology and upgrading its training to reflect the latest "green cleaning" practices, for all employees and managers.

As of the first half of 2023, despite problems with housing affordability and increasing interest rates across Canada, real estate developers have declared that the outlook for Kelowna remains optimistic for recovery and for long-term real estate investment. More about Evergreen Building Maintenance can be gleaned from https://docs.google.com/spreadsheets/d/1NBsGejT1poJ5w_nf9MHi4dqUATDa74VFZuQnRGCSVVI/edit#gid=172842370

Kelowna is the third biggest city in British Columbia outside of the Lower Mainland. As the pandemic wrought havoc on the economy of BC, it stimulated a movement of people and funds out of metropolitan Vancouver, and Kelowna was chosen as a prime destination. This caused a drastic increase in the number of condominium and office buildings worth billions of dollars to be constructed in Kelowna.

Ranjit Takhar, President of Evergreen Building Maintenance, says, "There are a number of key points which differentiate our staff. These include: our staff members provided with company uniforms and photo identification; our staff members being trained to read MSDS sheets before commencing work; our staff members undergoing thorough safety training including WHMIS certification; our staff members provided with the necessary protective equipment to perform their duties; and our supervisors encouraging employees to record any injuries occurring at the workplace."

In addition, the company encourages workers to be proactive instead of being reactive. Cleaning professionals are trained to always try to avoid possible problems in the workplace before dirt and grime accumulate and before safety problems can occur.

In order to make sure they are able to provide consistent service, Evergreen Maintenance implements "Cleaning Assessment Sheets" on a daily or weekly basis, depending on the scope specified by the contract. While grading is done by supervisors, employees are given constructive feedback on how they can continually enhance their cleaning standards. More information about the company can be obtained from their Google Maps page at <https://goo.gl/maps/3X9sAwPPT2dkdk3z5>.

Evergreen Building Maintenance offers various kinds of services, such as: commercial cleaning, janitorial services, green cleaning services, COVID-19 cleaning services, property caretaking, landscaping, parking maintenance, window cleaning, and more.

In addition to a commitment to providing the best quality commercial cleaning and janitorial services, they automatically provide green cleaning services to protect the health of all their clients from the adverse effect of toxic gasses and residue of unhealthy chemicals.

Evergreen Maintenance is aware that cleaning solutions employed in commercial cleaning and janitorial services cause millions of litres of toxic chemicals to be dumped in landfills, streams, groundwater, rivers,

causing damage to the environment. Therefore, they only utilize "green" cleaning products throughout the various offices, office towers, retail businesses, and industrial building facilities they maintain.

Incorporated in 1993, Evergreen Building Maintenance is a fully insured and bonded, privately held company with a proven network of local suppliers and resources.

The company is supported by a team of managers with more than 100 years of combined experience in the janitorial industry.

With more than 35 years of experience, they bring a wealth of experience capable of serving the unique needs of all kinds of buildings and business facilities in Kelowna and surrounding areas.

Evergreen Building Maintenance Inc. is committed to offering the best possible commercial cleaning services and janitorial cleaning services for the entire Okanagan area. Their service area includes: City of Kelowna, City of Kamloops, City of Prince George, City of Vernon, City of Penticton, City of Salmon Arm, City of Cranbrook, District of Lake Country, District of Summerland, District of Peachland, Kootenay District, Town of Oliver, Town of Osoyoos, District of West Kelowna, and White Rock.
