Davenport Urgent Care Clinic Helps Ease Congestion in Emergency Rooms and Hospitals by Offering Walk-In Urgent Medical Care

August 29, 2023

DAVENPORT, Iowa - August 29, 2023 -
Amana Care Clinic - Davenport, wants to emphasize that they are an urgent care clinic focused on non-life threatening medical issues that patients would prefer to be treated as quickly as possible, such as abrasions, cuts and burns, strains and sprains, bug and animal bites, ear pain or infection, and the like. While non-life threatening, patients would certainly not want to wait a long time to get an appointment with a doctor or a nurse. At Amana Care Clinic, they have medical staff ready to quickly diagnose and treat a wide range minor health issues.

They are offering a more convenient, faster and safer alternative for patients compared to getting treatment from emergency rooms, medical clinics, and hospitals. For those who prefer it, they can also check out the online visit service offered by Amana Care Clinic. With this online service, patients are able to visit a nurse or doctors from the comfort and safety of their home.

They want to remind patients and their loved ones, however, that those who have a life-threatening medical condition should dial 911 or visit the emergency room. For instance, if they are bleeding severely and it won?t stop, they are having a serious difficulty in breathing, a chest pain, coughing or vomiting of blood, fainting or loss of consciousness, and the like, they should go directly to the hospital or emergency department. Other symptoms that need emergency room treatment include: change in mental status (such as unusual behavior, confusion, or difficulty arousing); choking, coughing or vomiting blood; head or spine injury; severe or persistent vomiting or diarrhea; burns or smoke inhalation; near drowning; feelings of wanting to harm oneself or others; sudden dizziness, weakness or change in vision; swallowing a poisonous substance; sudden injury due to motor vehicle injury; carbon monoxide exposure; sudden blindness or severe eye injury; a deep or large wound; pregnancy related concerns; sexual assault; abdominal pain; partial or full paralysis; and vaginal bleeding (non-pregnancy).

Health conditions that can be immediately treated at the Amana Care Clinic include: bites; burns; wound follow-up, wound recheck, dressing change, and removal of sutures; cut or laceration, needing stitches; impetigo; abrasions; back discomfort; childhood illness such as pink eye, rashes, or eye symptoms; diarrhea; cold symptoms such as fever, cough, or sore throat; fractured bone; injury of the ankle, knee, foot, wrist, elbow, or hand; ear pain or infection; fish hook removal; muscle injury ? pull, strain, sprain; joint pain; sinus pain or infection; sports physicals; rash; urinary tract infection; sunburn; x-rays; full lab services; vaginal discharge; and other minor health problems.

A spokesperson for Amana Care Clinic says, ?The certified staff at Amana Care Clinic is among the best available for quickly diagnosing and treating the full range of patients with urgent care needs. Patients can: sign in online to save your spot, or walk right in; you will be seen by an expert compassionate provider; and you will receive quality care in a timely manner. Before you need urgent care, you?re welcome to drop by for a visit to learn more about us ? just walk right in.?

Amana Care Clinic was established in Davenport, Iowa, to offer urgent care services for patients in Davenport and nearby areas. This means patients don?t have to get an appointment before they can be treated. They just need to walk-in and get treated for minor health issues that don?t need treatment at an emergency room or hospital. They have certified medical staff ready to diagnose a patient?s health issues as fast as possible and provide the proper treatment through their modern facilities, X-ray equipment, exam rooms, and lab equipment.

Those who are searching for a Davenport health clinic that can offer medical treatment without having to setup an appointment with a medical professional can visit the Amana Care Clinic - Davenport. More information can be obtained by checking out their website or contacting them on the telephone or through email. They are open from 7:00 am to 7:00 pm, from Monday to Friday; and from 9:00 am to 4:00 pm on Saturdays and Sundays.
