

Gatsby Glass Of Overland Park Is Offering Residential, Commercial & Custom Glass Solutions In Johnson County, KS

August 29, 2023

August 29, 2023 - PRESSADVANTAGE -

Gatsby Glass Of Overland Park offers a wide selection of standard and custom interior glass solutions to the residents of Johnson County, KS. For more information, visit web site.

The highly rated nationwide premier glass solutions franchise is known for providing a range of sophisticated interior glass solutions including shower doors, bathroom enclosures, wine rooms, partitions, railings, mirrors, countertops, conference rooms, and more. The company prides itself on delivering custom solutions that can be tweaked to the customer's content and are tailor-made to adorn their property's most intimate areas.

Whether it is a home or business environment, Gatsby Glass offers the solutions you need to craft unique interior décor for your space, says Drew Lericos from Gatsby Glass of Overland Park. We take care of the entire process, from initial consultation to final cleanup, while also giving you complete control over each step to ensure complete customer satisfaction. Our installations will undoubtedly become the highlight of your property as you get the very best in the latest products and installations carried out by experienced technicians using state-of-the-art tools and equipment.

Clients also get a chance to design their bathroom using the company's visualizer which offers a litany of options to customize shower and bathroom enclosures with a large selection of glass, hardware, and metal finish options.

Drew shares more details about the visualizer by saying, "First, you get to choose a scene that best matches your bathroom. Then, you get to select the panel style, shower frame, shower handle, and shower finish. The result of your selection is digitally rendered right in the browser window giving you a sneak peek at how it will look like once our installers are done working their magic."

Gatsby Glass of Overland Park is owned and operated by Drew Lericos, a sales and marketing industry veteran who has had a long and successful career working for several well-known food companies including McCormick (Spices), Snyder of Hanover (Pretzels) and Farmland (Bacon).

When asked about why he chose to work with Gatsby Glass, Drew says, "My years of corporate experience have inculcated in me the skills to spot brands that have lasting power. It is not only superb products and customer service but also the vision behind it that gets a brand noticed by its target audience. When I was looking for my next business opportunity, I saw all the same signs in Gatsby Glass and I knew it had what it takes to cement itself as a leader in the residential and commercial custom glass installations industry. For more information about Gatsby Glass, visit company website."

Several of Gatsby Glass's clients have let their approval of the company's products and services be known in their 5-star reviews. A recent review says, "Pricing seemed reasonable. They explained their recommendation for our new shower and are working directly with our contractor who referred them. I'm looking forward to getting the shower installed."

Another customer writes, "I was blown away by the level of quality and professionalism I experienced with Gatsby Glass. We had a little mix-up with my new bathroom install as far as the date of completion but they were still able to work through it quickly after a hectic morning for both of us. I will not hesitate to hire this company again for my other bathroom when the time comes. Thank you again to the crew at Gatsby Glass!"

Gatsby Glass of Overland Park serves all of Johnson County, Kansas, including nearby areas such as DeSoto, Leawood, Lenexa, Mission Hills, Mission, Olathe, Prairie Village, Roeland Park, Shawnee, and Spring Hill. The company partners with only the best manufacturers of custom glass products including Basco and Trulite and is committed to the industry's best practices, safety, and ethics through its membership of the National Glass Association.
