August 28, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing of Essex and Passaic, a roofing contractor based in Wayne, NJ, is offering a free 25-point inspection of the roof and other vital external parts of the home. The company provides a range of services in Wayne and surrounding areas, such as: roof installation, gutter installation, gutter inspection, roof repair, roof inspection, commercial roofing, gutter repair, and attic venting. Those who are interested to learn more about the roofing company and their services can visit company website.

The company utilizes drone technology to provide their 25-point inspection of the home or building for those who request for a free estimate for a particular roofing project. These will include: inspection of siding; inspection of step counter flashing; eaves and rakes inspection; drip edge inspection; inspection of valleys; inspection of storm damage caused by hail; chimney inspection; inspection of furnace caps and pipes; inspection of storm damage caused by the wind; roof edging inspection; ventilation inspection; inspection of gutter aprons; plumbing stack inspection; nail head inspection; inspection of step and counter flashing; downspouts inspection; gutters inspection; hip and ridge inspection; foundation drainage inspection; roof ventilation and exhaust system inspection; attic inspection; air conditioning unit exterior inspection; soffits and fascia inspection; window inspection; and inspection of roof sheathing or decking.

A spokesperson for Mighty Dog Roofing of Essex and Passaic says, "Our Mighty Dog Roofers are a top-performing roofing team renowned for their expertise in roof repair, replacement, and other related services. They have consistently delivered stunning and secure roofing solutions, providing clients with comfortable and aesthetically pleasing homes in Wayne New Jersey and across the nation. We are a locally owned and operated residential and commercial roofing contractor."

For those who become customers, Mighty Dog Roofing also provides the Customer Vault, which serves as a personal information storage for each individual client. Any relevant information or detail regarding the roof or property of the client are kept in the Customer Vault. These may include: yearly updated drone inspection information; warranty information; reports on monitoring of all repairs and replacements with dates, products, and services used; insurance information repair records; manufacturer information; photographs and videos; reports for the customer's realtor/insurance agent; all insurance details for easy and convenient claims handling; and yearly reminders for the inspection of the customer's roof. Those who need more information about their services can visit web site.

They also offer the Watchdog Maintenance service that is performed each year where they will inspect the roof and other external components of the home or building for any emerging conditions that might worsen and become more serious issues later on. They will deliver maintenance reports to the clients that will be useful for the client when making insurance claims and for the realtors when they are trying to sell the home. They will also make yearly comparisons of the maintenance assessment reports in order to provide an estimate of how long the roof can be expected to last. This will allow the homeowner or property owner to be ready for the huge cost of roof replacement in the future.
