

The Face Loft® Is Excited to Welcome Lauren Parrish, FNP, to Their Med Spa Team

August 22, 2023

August 22, 2023 - PRESSADVANTAGE -

Cranberry Township, PA ? The Face Loft® is thrilled to announce the addition of Lauren Parrish, FNP, to their team of experienced practitioners. Lauren's extensive nursing background and passion for patient care align perfectly with The Face Loft's commitment to providing exceptional and personalized aesthetic services to their valued clients.

"We are delighted to have Lauren on board with us," said Beth Panizales, ACNP-BC, the founder and owner of The Face Loft®. "At the Face Loft®, our goal was to create a beautiful, safe space where patients can share their worst insecurities with us and trust us to transform them into something beautiful. Lauren's dedication to patient care and passion for empowering individuals to feel confident and healthy aligns perfectly with that mission. She has already done some incredible things in her career, and I can't wait to see what she does for our patients."

Lauren brings a wealth of knowledge and experience to the Face Loft® team. She has a solid educational foundation with a Bachelor of Science in Nursing from Gannon University and a Family Nurse Practitioner degree from Carlow University. Originally from Cranberry Township herself, Lauren is passionate about coming back home to serve her hometown community.

"As a Cranberry native, nothing means more to me than coming home to bring more confidence, health, and beauty to my neighbors," Lauren said. "As a Wellness NP, I've always had a passion for the aesthetic space, and I want to help as many patients as possible create a healthier and happier version of themselves and boost their confidence in their skin! My goal is, and always will be, to help clients regain control of their health, not only to avoid severe diseases, but also to experience a higher quality of life."

What sets Lauren apart from other practitioners is her unique combination of experience as both a Nurse Practitioner and a Registered Nurse, who's able to help patients with complex conditions. She has a strong

background working with a cardiac surgery group as an NP and possesses years of critical care experience as an RN.

"I'm so excited to collaborate with such motivated and knowledgeable individuals. Our Face Loft® team is so passionate about helping our clients become more confident, and I can't wait to contribute to those efforts and truly make a difference in the lives of patients in our community," Lauren added. "If I could say anything to my new patients before they see me, it's that I am honored to be here for them, as an advocate and expert, and I look forward to helping them find their beauty."

At The Face Loft®, patients can expect an unparalleled level of care and attention to detail. With an emphasis on continuing education, the practice ensures that clients receive the most up-to-date and researched information. The addition of Lauren Parrish to the team further enhances Face Loft®'s capabilities, as she will be managing weight loss, Ozempic®, semaglutide, and wellness services. With her experience and expertise, clients can trust in Lauren's and the Face Loft®'s ability to guide them on their wellness journey, helping them achieve their health and aesthetic goals.

Lauren and the Face Loft® team are currently taking appointments at their Cranberry Township office.

About Face Loft®
