Arrowhead Clinic is recognized as a leader in the field when it comes to diagnosing and treating auto accident injuries. They have, over the past four decades, worked to stabilize and treat all sorts of trauma caused by motor vehicle crashes. Using scientifically developed, tried and tested equipment and treatments, the clinic offers elite solutions to a wide range of ailments. Some of the high tech solutions offered by the clinic include computer guided spinal decompression, active release therapy, electro muscle stimulation, functional movement screening and fascial distortion model. Every treatment program offered by the clinic is designed to address all the issues a patient may be facing and restore their health.

In addition to offering chiropractic treatment, Arrowhead also helps with the legal processes surrounding personal injury through their car accident lawyer referral services. After being injured in a car accident, it is important to hire an experienced (practice area-specific) lawyer to seek compensation on the patient?s behalf. An injury can affect an individual?s life in serious ways, especially if they do not have the finances to cover medical and legal expenses. A good attorney can help fight for adequate compensation in court, delivering the highest possible payout for a personal injury case.

Arrowhead Clinic has received hundreds of excellent reviews from patients. Latia J. says about Arrowhead Clinic in a 5-Star review, ?I?ve been getting treated here for almost two weeks. At first, I was skeptical on coming to this office based on past experiences with doctors in Riverdale, but the staff here is great! The doctor has been great! Everyone is cool, but my favorite is Raven. All of the staff are very nice, and they make sure you?re comfortable. The front desk receptionist is nice, and she knows you by name! She is very flexible on the times you can come in. Also, I have received a lot of advice from Dr. Calvin on a situation I was dealing with. I?ve never talked with a doctor that actually has time to listen to your concerns and care. The office is also very clean! I feel good after leaving here!?

Patients are invited to find out more about chiropractic treatment by visiting the clinic?s website.
