In their glowing testimonials, customers note the company's helpful staff, affordable flooring options, and responsive customer service.

One reviewer writes, "My husband and I visited this weekend morning, Saturday! Near the store, most of the parking space was for residential only or pay at the machine. The store is pretty cool and well-organized. Specially, the staff is good, and knowledgeable about floor materials, and underlay. Very friendly!! And they do have lots of quickstep products showroom. And delivery is only 2 days!!! We will order from them! And we didn't ask about fitting."

Another homeowner writes, "I would thoroughly recommend The Ultimate Flooring company. Shafique was extremely knowledgeable and professional. His team was very helpful and tidy on site. Previously the wooden floorboards were varnished in a dark stain so instead of replacing the whole floor, Shafique suggested restoring the oak flooring back to its original colour. I am so pleased with the result. A huge saving on cost and by lightening the floorboards, it has made the whole space look bigger. I would not hesitate to use the Ultimate Flooring company again. An excellent experience from start to finish."
