One homeowner says, “Excellent job. The name of the installer escapes me unfortunately but he was Albanian. He did a fantastic job with outstanding attention to detail and perfectionism. I had a new kitchen fitted and it wasn't the easiest of jobs to get this floor under the new kitchen but he managed it perfectly. He worked very hard all day and completed it by the end of that day, with great communication throughout. He couldn't have done a better job. Highly recommend Ultimate Flooring and will definitely use them again in the future. Thanks!”

Another customer writes, “Really happy with the communication and the process building up to the days of providing the service required. The outcome was excellent and the pricing was extremely competitive! Shafique and his team have done a thoroughly excellent and professional job on the badly deteriorated floorboards at the property we own. The floorboards now look brand new. Thank you, The Ultimate Flooring Company!”
