

New Orleans Custom Home Builder Now Offers Full-Scale Services

December 14, 2015

December 14, 2015 - PRESSADVANTAGE -

New Orleans, Louisiana - Pentek Homes has quickly become a go-to custom home builder in the New Orleans area for their ability to offer full-scale services.

While local customers have options when it comes to custom home builders, customers are looking for a company that can offer traditional New Orleans style that incorporates today's latest trends and styles. One company, Pentek Homes, is doing just that.

Pentek Homes offers an in-house and external staff that can provide everything from design to engineering and interior decorating, ensuring that each and every custom home project is overseen from start to finish with emphasis on fine details. More information can be found at <http://www.pentekhomes.com/>.

About Pentek Homes

Pentek Homes is New Orleans' leader for custom home building and historic renovation contracting.
