

Veteran Movers Company Offers New Discount for Veterans

September 11, 2023

Henderson, Nevada - September 11, 2023 - PRESSADVANTAGE -

Three Movers, a full-service veterans moving company based in Henderson, NV, is happy to announce a new discount for veterans and active duty military personnel. To take advantage of the discount, they will simply need to present one of the following identification cards: Common Access Card (CAC), Uniformed Services ID Card (red, tan, or blue), or Veteran's Identification Card. Their team of veterans movers can provide a broad range of moving related services.

Chris Townsend from the Three Movers says, "Our military and veteran discounts are available to all active military service members and their spouses, in addition to reserve and National Guard, disabled service members and retirees and their spouses."

Three Movers will be handling all of the necessary parts of the move to a new location. They will provide the truck or moving vehicle to be used in transporting the various possessions and belongings of the client. They will also provide any materials or supplies that may be needed to make the move fast and efficient, such as packing boxes, tape, and more. All that the client will need to do is make important decisions. More about their moving services for veterans can be gleaned from <https://threemovers.com/veterans-movers-near-me/>.

Their moving professionals are ready to provide packing services at the old location and unpacking services at the new location. For the furniture, they may also perform the disassembly of furniture and then the re-assembly of the furniture at the new location. They will also carefully pack electronic appliances or equipment, making sure that their fragile parts are properly protected to avoid damage during transport. Upon completing the unpacking at the new location, the moving professionals will take care of the proper disposal of the boxes and other packing materials and supplies used.

Three Movers can also provide temporary or long-term storage for various belongings of the client that may not be accommodated at the new location for whatever reason. For instance, the new location is not yet fully

ready for the move, which means the moving individual or family may not be able to use the new home yet. Or the new home is just temporary, and the client is still looking for a bigger place. This will require storage for some of the possessions of the client until such time that the new home can accommodate them.

For clients who want to transport a car or motor vehicle to the new location can also depend on Three Movers. The client will be given some choices for car shipping that are suitable for their needs and budget. However, they want to inform clients that they will need to disconnect and remove the batteries from the car or vehicle before shipping.

Customers have been expressing their satisfaction about the services they received. For instance, Annette P. gave them a five star rating and said, "I just wanted to say thank you so much for the great help with our move. We have so much stuff and I was really worried about being able to take the time off work to pack and get everything moved and unpacked. Three Movers saved the day! Your men showed up and had our house and garage packed fast and even put everything in the precise room at the new house. You saved me a great deal of time and saved my family a lot of money! Thanks so much."

Three Movers was established 20 years ago by three college friends who had personally experienced the difficulties of moving when they had to move to a new apartment. After their disappointing moving experience, they thought of possible ways to make sure a move will be less of a hassle and more efficient. They founded their new business with only three men and just one U-Haul truck. After several miles and customers, the company was able to gain the reputation of being trustworthy and offering competitive prices. With their free and consistent quotes, clients can be sure the price quoted is the best possible rate for their move. They offer a full service move, including truck rental services and packing and unpacking services.

Those who are interested in comprehensive moving services can check out the Three Movers website at <https://threemovers.com> or contact them through the telephone or via email.
