Chiropractor Available Near Me For Accident Victims In Union City

September 13, 2023

Peachtree City, Georgia - September 13, 2023 -
Arrowhead Clinic, based in Georgia, is encouraging the Union City, GA community to seek local chiropractic treatment immediately if they have recently been in a car accident. A full list of locations can be found at the following link: https://mgyb.co/s/FTgyu.

Car accidents can cause both severe and minor damage, the clinic says, but the latter can pursue an individual for years after the fact. While it is true that severe injuries should be avoided at all costs, these also tend to be much easier to identify, especially when they are visually apparent (such as broken bones, bleeding, and so on). However, there are many musculoskeletal injuries that can lie beneath the surface, and these are more likely to go untreated ? especially if not located by a professional who knows what to look for.

Injuries in this category may include whiplash, spinal misalignments, and many types of soft tissue damage. The main issue is that their tell-tale damage may only manifest some time after the accident, possibly after the patient has already sought medical attention. It is also an unfortunate fact that patients may believe they need no more help (or a symptom is unrelated to their accident) if they only notice it days or weeks later.

This is why Arrowhead Clinic strongly advises anyone who has been in a car, motorcycle, or even truck accident to seek help from an experienced chiropractor. If left untreated, this damage can lead to other problems, such as chronic pain, that may in turn haunt an accident victim for the rest of their life. The best way to avoid this possibility is to see a chiropractor as soon as possible. With early intervention, the worst of the damage can be mitigated ? or eliminated altogether. In other words, full recovery is possible if a chiropractor is consulted immediately following an accident on the road. See more here: https://mgyb.co/s/AsMHs.

During treatment, a chiropractor may focus on specific parts of the body, alleviating pain or discomfort wherever the accident may have caused harm. This often includes the neck and back, but anywhere that

shows inflammation and swelling will be targeted. Further, the clinic says patients often report a diminished range of motion after an accident. Since chiropractic treatments are meant to be holistic, this will be addressed as well.

At Arrowhead Clinic, patients are invited to share the full scope of their experiences. The chiropractor they work with will listen carefully and use any description of symptoms to inform how they will proceed with assessments and treatments. This ensures a positive patient experience as well as a positive outcome.

As A. Dionne shares in a testimonial of the clinic?s Duluth, GA office, ?First, the staff is great. You feel it from the moment you walk in the office. They are welcoming and make sure you feel welcome. Dr. Gentry is amazing and will have you laughing and comfortable the entire time. Before coming here, my body was all messed up. Now, it?s been two weeks, and I feel so much better, and I?m not even done! I plan on being a forever client with the Duluth Arrowhead clinic!?

J. Adams says of their experience in Atlanta, GA, ?This has been by far one of the best places I?ve been to. After my accident, I wasn?t sure if I?d be the same again, but Dr. Turner assured me I would be better than before. She helped me believe in myself and her. My back is no longer affecting my day-to-day life. The receptionists are amazing, and they treated me with respect, and I?ve come to think of them as family. I?d recommend Dr. Turner and Friends to anyone.?

Arrowhead Clinic is ready to welcome patients from Union City, and many more communities in Georgia. More details regarding the clinic?s full range of accident care services can be found on the official Arrowhead Clinic website and social media platforms.
