One review says, ?Great customer service. I?d almost forgotten the birthday of one of my close family members. I found Williams Flower & Gift online with an excellent rating. I called them directly and they were able to make up a beautiful flower arrangement for same-day delivery. They even sent me a photo of the flower arrangement for my approval before it was to be delivered to my family member. Impressive!?

Another customer writes, ?I ordered Artistic Designer's Choice and trusted their expertise to do a birthday flower arrangement. The arrangement turned out so beautiful with bright colors and a perfect mix of flowers. My friend said that this is the most beautiful flower bouquet she has ever received.
