TK Roofing & Gutters Highlights Importance of Role as Multi Family Roofing Company

September 12, 2023

Akron, Ohio - September 12, 2023 -
TK Roofing and Gutters, a roofing company based in Akron, OH, takes pride in highlighting their role as one of the top multi-home roofing contractors in Akron and neighboring areas. They fully understand the specific needs of property owners and property managers looking for roof repairs or replacements for condos, apartments, townhomes, and other multi-family properties. They can help with roof repairs, replacements, or installing a new roofing system for multi-family buildings.

Daryl Gentry, owner of TK Roofing and Gutters, says, "As one of the area's best multi-home roofing contractors, we understand the challenges that property managers and rental property owners face when looking for affordable roof repairs or replacements. From handling tenants at your apartment complex to dealing with maintenance issues, a lot is on your plate. That's why you need skilled roofing contractors with extensive experience working on multi-family properties."

There are several reasons why TK Roofing and Gutters stands out among the other roofing providers in the area. First of all, they offer comprehensive roofing services for multi-family properties. Their roofers have the experience needed to work on a multi-family roof. They cater to a broad range of multi-home buildings, such as apartment complexes, duplexes, triplexes, condominiums, and townhouses.

Second, their roofing services can offer longevity and enhanced curb appeal. A roof that is properly maintained will not only improve the property's curb appeal but can attract more tenants. TK Roofing and Gutters ensures that only high-quality materials are used to make sure the roof is durable and will last for a long time, offering the necessary protection from the elements while decreasing the need for frequent repairs.

Third, having the roofs of multi-family properties repaired and maintained properly can result in large cost savings. This is due to lower repair expenses, decreased utility costs, and enhanced energy efficiency that benefits both tenants and property owners.

Daryl Gentry says, "If your condo, apartment complex, or townhomes are dealing with water damage, wind damage, or have experienced extensive damage from a storm, our roofers can help you with your roofing issues. We'll help keep your rental properties in the best shape possible and help give you peace of mind. Our certified roofers will ensure that your roofing repair or replacement for your multifamily property is done quickly and correctly."

Established in 2007, TK Roofing and Gutters is a fully insured roofing contractor offering various types of roofing solutions to local homeowners and property owners in Northeast Ohio. Their skilled and experienced roofers have over 15 years of experience in roof repair, installation, and replacement. They have earned a CertainTeed Roofing Systems certification, which has only been provided to three percent of roofing contractors in the area.

Their service area includes: Akron, Aurora, Avon, Barberton, Bath, Bedford, Berea, Bethlehem, Brimfield, Broadview Heights, Brook Park, Brunswick, Canal Fulton, Canton, Chippewa, Copley, Coventry, Cuyahoga Falls, Dalton, Dover, Doylestown, Fairlawn, Franklin, Garfield Heights, Green, Hartville, Hudson, Jackson, Kent, Lake, Lawrence, Louisville, Macedonia, Maple Heights, Massillon, Mayfield Heights, Medina, Middleburg Heights, Mogadore, Montrose Ghent, Montville, Mount Eaton, Munroe Falls, Navarre, New Franklin, New Philadelphia, Nimishillen, North Canton, North Royalton, Norton, Orrville, Osnaburg, Paris, Parma, Parma Heights, Peninsula, Perry, Perry Heights, Plain, Portage Lakes, Ravenna, Richville, Rittman, Rootstown, Sagamore Hills, Seville, Shaker Heights, Smithville, Solon, Springfield, Stow, Streetsboro, Strongsville, Sugar Creek, Tallmadge, Twinsburg, Uniontown, Wadsworth, and Wooster.
