

D&A Building Services Inc. Is Offering Top Notch Sanitation And Disinfection Services In Central Florida

September 21, 2023

September 21, 2023 - PRESSADVANTAGE -

D&A Building Services Inc., a full-service multi-divisional building maintenance company based in Florida, is urging clients to find out more about its range of sanitation and disinfection services.

Since the coronavirus pandemic wreaked havoc across the world in 2020, workplaces have gone the extra mile to ensure that their premises are fit to be occupied by their employees and guests. For commercial property owners in Central Florida, D&A Building Services Inc. has been the provider of exceptional cleaning and sanitization services that clients can turn to, to ensure employees can be safely productive without the fear of pathogens impacting their health.

"If you run or occupy a commercial property," says the spokesperson for D&A Building Services, "we are the best partner to help you maintain a clean and hygienic environment for your tenants and/or employees. Our focus is always on eliminating viruses and bacteria to minimize the risk of illnesses spreading within your facilities. Call us today to find out more about the battle-tested process that has helped our clients minimize downtime and keep their properties fully utilized."

The company's experienced team follows rigorous sanitation and cleaning protocols to ensure a comprehensive sanitization process. The crew begins with an aim to remove visible dirt, dust, and debris using cleaning agents and techniques required for sanitization. Finally, to ensure its clients' safety, the company utilizes CDC and EPA-approved disinfectants to eliminate any remaining pathogens, removing all health risks from the use of harmful chemicals.

"We pay special attention to high touch point areas which are likely to be the cause of an infectious spread," says the spokesperson. "This includes doorknobs, light switches, elevator buttons, and handrails. We stick to all the effective and proven latest guidelines from reputable health organizations, such as the CDC, so that every surface is disinfected for zero contamination. Get in touch to plan a customized cleaning program that fulfills all your deep cleaning needs."

Working with D&A Building Services starts with the creation of a thorough and meticulous cleaning plan that is unique for each property and encompasses all aspects including the facility's size and type. The company's experts work closely with the client to implement routines at maximum efficiency while fulfilling each client's specific requirements and necessities.

"We have been doing this for over 35 years," the spokesperson says. "Since we began operations in 1985, the D&A difference has made us a trusted name in the industry. Every cleaning plan is unique, and custom-made for a property's needs. All our employees are licensed, bonded, and insured and, unlike other companies operating in the space, none of them are subcontracted. We also have a licensed quality assurance program, CompuClean, that provides the framework for self-inspections at each property. Set up a consultation with our highly trained staff today to find out how we can make your property as safe as it can be."

D&A Building Services Inc. has earned the trust and admiration of its clients in Central Florida for delivering consistently high-quality interior and exterior cleaning services. The company boasts a respectable 4.0 out of 5.0 overall rating on its Google Business Profile with customers noting its professional and punctual crew members, wide range of cleaning and janitorial services, and helpful customer service.

One client writes, "D&A has serviced our storage facility a few times now. He has been prompt, upfront, and reasonable with his quotes. He has always shown up on time and certainly seems to know his business. He has operated on both our digital, and mechanical gate, and has always provided reliable service."

Another customer says, "I have used D&A on several occasions for different services and I can say they have always been top-notch. They were always prompt and did what they said they would do plus more and were very price competitive."
