Three Movers Launches New Moving And Storage Service To Make Moving Easier For Customers

September 19, 2023

Henderson, Nevada - September 19, 2023 -
Three Movers, a privately owned and operated full-service moving company comparison website, has announced the launch of its new moving and storage services to make moving seamless and stress-free for its customers.

Serving over 190 countries with over a million deliveries under its belt, Three Movers connects customers with professional movers across the nation and the world. Homeowners, renters, students, military, veterans, and small and large businesses can rely on Three Movers to provide all the help they need to get their move handled by experts safely and securely and at a reasonable price.

The company?s range of moving services includes local moving, interstate/long-distance moving, office moving, residential moving, international moving, packing, and crating, storage, auto transport, and providing moving insurance. Customers get a transparent up-front moving quote so that they know exactly what services they are paying for, such as packing supplies, vehicles, and more, during the move.

The spokesperson for Three Movers says, ?Just give us a call and one of our experienced representatives will offer you a no-obligation quote tailored to your needs. Our partners are ready to help you move on to the next step of your life or career by taking the stress of the move off your shoulders. You can sign up for our full-service experience where everything from the packing to moving and unpacking is done for you or you can pick and choose the services you need to save money. For more information on everything we have to offer, visit https://threemovers.com/moving-storage/.?

The company?s partners can help in packing and handling items of all shapes and sizes including fragile items, valuable heirlooms, and bulky furniture. They even help make the move as smooth as possible by loading the trucks up safely by considering weight distribution, maximizing the available space, and securing the items to prevent damage during transit. The items are packed to minimize risks and comprehensive

insurance is provided to give customers complete peace of mind.

?We know that every move is unique,? says the spokesperson, ?and our services are immensely customizable to account for that. We even offer storage solutions to keep your items safe if the move is to be delayed or if you have other plans for a while. Our storage facilities have 24/7 surveillance, access control systems, and fire prevention infrastructure. The climate-controlled environment also keeps your items such as delicate furniture, electronics, and sensitive documents safe from temperature fluctuations and humidity. All items are tracked using our advanced inventory management system.?

Three Movers has received tremendously positive feedback from clients over the years who praise the company for its helpful staff members, the professionalism of its moving crew, and its responsive customer service.

Annette P. says, ?I just wanted to say thank you so much for the great help with our move. We have so much stuff and I was really worried about being able to take the time off work to pack and get everything moved and unpacked. Three Movers saved the day! Your men showed up and had our house and garage packed fast and even put everything in the precise room at the new house. You saved me a great deal of time and saved my family a lot of money! Thanks so much!?

Jeff T. says, ?I want to take a moment to say thank you to the extremely hard-working crew that handled my move. I admit I was skeptical of hiring a company to move my household stuff but I was so pleased with the services. These guys packed everything up and had it loaded and delivered in no time at all. Everything was taken care of from start to finish and my wife and I were able to take some much-needed time to check out the new town without having to worry about getting things unpacked. Three Movers took care of everything and we really appreciate it!?
