Standard Optical Welcomes Sandy and West Jordan Patients to South Jordan

September 15, 2023

September 15, 2023 -
South Jordan, UT ? Standard Optical, a prominent Utah eye care provider, announces its decision to centralize services previously offered at its Sandy, UT, and West Jordan, UT, facilities into its South Jordan, UT, location. This strategic initiative has been undertaken with the primary objective of elevating the standards of practice within the organization. The overarching goal of this move is to enhance the quality of patient care and convenience while ensuring the continued provision of outstanding vision solutions to the local community.

With a network of clinics spread across the state, Standard Optical is unwavering in its commitment to delivering the utmost level of service, expertise, and technological advancements to its valued patients. By consolidating the resources and specialized knowledge from the Sandy, West Jordan, and South Jordan offices, the company can offer an even more comprehensive and streamlined experience for individuals seeking top-tier eye care services.

?We felt this change was necessary in order to boost our standards higher, and to give our patients the experience we know they deserve,? said Aaron Schubach, President of Standard Optical. ?Our focus is always on providing exceptional patient care and a wide selection of optical options, and this move means Standard Optical can continue to raise the bar for what patients in Utah can expect from their family eye doctor.?

Patients will experience a smooth transition of their care, facilitated by the automatic transfer of their medical records and history to the South Jordan location. This revamped arrangement guarantees that patients will continue to receive the same level of professionalism and attentive care they have come to anticipate from Standard Optical.

One of the notable advantages of this transition is in the expanded assortment of eyewear products and

brands accessible at the South Jordan office. Patients will now have access to an even wider array of frames, lenses, and contact lenses, each offering an assortment of styles and customizations tailored to suit the fashion preferences and visual requirements of every family member. Standard Optical's team of experienced opticians can also help patients find eyewear they?ll love.

Furthermore, the South Jordan office will continue to offer a comprehensive array of specialized services, including:

Contact Lens Exams and Fittings: Standard Optical remains dedicated to ensuring patients achieve a comfortable and precise fit for their contact lenses for ideal comfort and visual acuity.

Eye Disease Treatment and Management: Patients can continue to rely on the expertise of the practice?s professionals for the diagnosis, treatment, and ongoing management of various eye conditions, including but not limited to dry eye, glaucoma, and macular degeneration.

Pediatric Eye Care: Children?s eyes are constantly changing and developing, which is why Standard Optical's South Jordan office is well-equipped to support healthy vision development from an early age.

LASIK Consultations: For individuals contemplating LASIK surgery, Standard Optical offers comprehensive guidance and assessments to help make informed decisions about this procedure and what to expect from its results.

"With this transition, we can enhance the patient experience through cutting-edge technology, an expanded array of frames, and increased appointment options," said Aundrea Brinkman, Vice President of Standard Optical.

For nearly 100 years, Standard Optical has remained steadfast in its commitment to delivering exceptional patient care as a family-owned and operated practice. Patients who were previously served at the Sandy and West Jordan locations are strongly encouraged to arrange appointments at the South Jordan facility. The South Jordan office is strategically situated at 11514 4000 W Bldg H Suite 103, South Jordan, UT 84095, boasting ample parking and easily accessible facilities.
