Davenport Urgent Care Clinic Is Offering Treatments For A Wide Range Of Non-Emergency Conditions

September 26, 2023

DAVENPORT, Iowa - September 26, 2023 -
Amana Care Clinic, an urgent care clinic based in Davenport, IA, is offering local patients a more affordable, quicker, safer, faster, and much more convenient alternative to hospitals, emergency rooms, and other local health clinics.

According to UnitedHealthcare, an emergency room visit in the United States can end up costing patients an average of $2,200. At a time when over half of all Americans can?t afford to cover a $1,000 emergency with their savings, an emergency room visit can be a great financial burden for most individuals and families. Thankfully, for Davenport and Muscatine residents, Amana Care Clinic is offering the medical services they need to avoid significant medical bills while getting some much-needed relief from their ailments.

The wide range of conditions that Amana Care Clinic can offer treatments for includes abrasions, back discomfort, bites, burns, childhood illnesses such as rashes, pink eye, or eye symptoms, impetigo, cold symptoms such as sore throat, fever, or cough, cuts or lacerations, needing stitches, wound follow-up, wound recheck, dressing change, removing sutures, diarrhea, ear pain or infection, fish hook removal, fractured bone, injuries such as foot, ankle, knee, hand, wrist, elbow, or joint pain, muscle injuries such as pulls, strains, or sprains, rashes, sinus pain or infection, sunburn, sports physicals, urinary tract infection, vaginal discharge, full lab services, X-rays, and a host of other minor health conditions.

The spokesperson for Amana Care Clinic says, ?There are certain conditions, highlighted on our website, for which we recommend that you seek emergency services at a hospital or dial 911. However, for most other symptoms and conditions, you can trust us to offer you the quick diagnosis and full range of treatment you need to recover. Our fully equipped facilities that include X-rays and laboratory equipment enable us to perform state-of-the-art procedures that will have you back in the saddle in no time.?

Amana Care Clinic?s patients have repeatedly thanked it for providing precise and helpful healthcare

services in their time of need. The clinic boasts a stellar overall rating of 4.8 out of 5.0 from over 1700 reviews on its Google Business Profile with patients noting the clinic?s negligible wait times, the care and compassion of the service providers, and the responsive customer service.

A recent review says, ?My wife and I are full-time traveling RVers. I had injured myself while changing a tire several days ago and had been suffering from sacroiliac pain. I was first treated in Auburn, IN with zero relief. Tried to tough it out and was very miserable. About 2 hours after being treated by Heather I felt much better and driving with only mild discomfort. Now after driving 100 miles, I feel 100% better. I hope the next time I hurt myself I will find a clinic staffed with people like Heather and her staff at Amanda Walk-In Care Clinic. I cannot thank them enough.?

Another patient writes, ?I had to go to Urgent Care and I?m new to this area. Some of the other Urgent Cares were at a 2-hour wait. I went down the road to this one and I?m so glad I did!! Not only did they get me in almost right away but they were so friendly and fast! I don?t think I?ve ever been in and out at any other clinic as quickly as I was there. Lol If you need care I would highly recommend them!?

Amana Care Clinic has two locations in Iowa ? Davenport and Muscatine.
