

Professional Roofing Repair and Replacement Provider in Fort Collins Colorado Uses Drone Technology

September 25, 2023

September 25, 2023 - PRESSADVANTAGE -

Mighty Dog Roofing Northern Colorado, a roofing contractor based in Fort Collins, CO, takes pride in using advanced drone technology in conducting a 25-point inspection of the roof and other important parts of the home's exterior. They offer a range of services in Fort Collins and surrounding areas, including: roof installation, gutter installation, gutter inspection, roof repair, roof inspection, commercial roofing, gutter repair, and attic venting. Those who are interested to learn more about the roofing company and their services can visit company website.

Mighty Dog Roofing provides the Drone Superscan to offer unbiased inspections that can be trusted to be accurate. Their drone technology provides credible and verifiable inspection information that can be used as the baseline health of the roof. This information will be unlocked each year so they can compare the most recent inspection with the present condition of the roof. This is great information for the insurance company who can trust it if a claim will ever be needed to be filed.

Their 25-point inspection plan includes: inspection of step counter flashing; eaves and rakes inspection; inspection of siding; inspection of valleys; inspection of storm damage caused by hail; drip edge inspection;

inspection of furnace caps and pipes; inspection of storm damage caused by the wind; roof edging inspection; chimney inspection; inspection of gutter aprons; plumbing stack inspection; ventilation inspection; inspection of step and counter flashing; downspouts inspection; nail head inspection; hip and ridge inspection; foundation drainage inspection; gutters inspection; attic inspection; air conditioning unit exterior inspection; roof ventilation and exhaust system inspection; window inspection; inspection of roof sheathing or decking; and soffits and fascia inspection. Those who want information about the drone inspection can visit [web site](#).

Another distinctive feature of the services provided by Mighty Dog Roofing is the Customer Vault. This functions as a personal information storage that they provide for each client. Any relevant detail or information regarding the client's roof or property is kept in the Customer Vault. These include: warranty information; reports on monitoring of all repairs and replacements with dates, products, and services used; yearly updated drone inspection information; manufacturer information; photographs and videos; insurance information repair records; all insurance details for easy and convenient claims handling; yearly reminders for the inspection of the customer's roof; and reports for the customer's realtor/insurance agent.

They also offer the Mighty Dog Visualizer, which is an advanced home improvement technology. A spokesperson for Mighty Dog Roofing Northern Colorado says, "Mighty Dog Visualizer will help you customize your Fort Collins Colorado home exterior appearance with photos of your home right from your smartphone. Allowing you to use before and after tools to assist in the design of your exterior. It allows you to view your Fort Collins Colorado home exterior with different product and color options so that you know which are the right fit for your project and tastes."

They also provide the Watchdog Maintenance service that is provided every year where they will check on the roof and other external parts of the home or building for any emerging roof issues that might worsen and become more serious problems later on. They will provide yearly maintenance reports that will be useful for the client when making insurance claims and for the realtors when they are tasked with selling the home. They will also make annual comparisons of the maintenance reports to make an estimate of how long the roof can still be expected to last.

Mighty Dog Roofing Northern Colorado is owned and operated by Joseph Finch and Whitney Weber. They both love Fort Collins because of the happy and kind cultural attitude, its great climate, great access to the outdoors, and amenities for families. Joe contributes his experience and expertise in customer service and leadership to the business, while Whitney offers her background in project management marketing. Their service area aside from Fort Collins includes: Northern Colorado, Estes Park, Johnstown, Wellington, Evans, Loveland, Windsor, Berthoud, Greeley, and Timnath.
