

## **Stamford Lighting Contractor Bling! Is Offering Premium Outdoor Lighting Installations In Fairfield County**

*September 27, 2023*

September 27, 2023 - PRESSADVANTAGE -

Bling! of Fairfield County is helping property owners in Stamford, CT, and nearby areas, put up premium eye-catching outdoor lighting solutions for special occasions or long-term installations. For more information, visit web site.

The company offers everything from the preliminary design of lighting solutions to their final installation and takedown for residential and commercial property owners in Fairfield County. Whether it is a holiday installation for the festive time of the year, or a lighting setup to entertain guests on a special anniversary, the company's temporary installations take the hard work of putting up the installation off the property owner's shoulders and in the trusted hands of its experienced technicians.

"We also offer permanent lighting fixtures to create the perfect nighttime ambiance at home," says the spokesperson for Bling! of Fairfield County. "Highlight the beauty of your home's architecture by strategically lighting up patios, decks, porches, gazebos, outdoor pools, and pathways. All the lighting fixtures used are durable and weatherproof to ensure a long life span even in the harshest weather."

Customers can rest assured that the lighting products installed on their properties by Blingle will always be professional-grade equipment that is made specifically to shine longer, brighter, and more energy efficient than the products used by other lighting services companies. This not only means a more beautiful backyard or front porch but also significant savings on power bills.

The key to Blingle's success is its 7-step guided process that ensures customers always get what they want. It begins with a design consultation that can be completed virtually or in person with the company's design specialists. Once the designers have a sense of what customers are looking for, they propose a design that is virtually simulated. Using real photos of the property, a computer-based demo is created that shows homeowners what the final installation will look like.

"You can tweak the virtual design endlessly till you have exactly what you are looking for," says the spokesperson. "We then perform the next 5 steps of our process which includes submitting a written proposal, signing the contract, scheduling our technicians to visit your site, installation, maintenance, and finally, the takedown. For more information about what makes our services special, visit company website."

Blingle! of Fairfield County and its 7-step process have received tons of support from the local community for helping them create their dream outdoor lighting installations affordably and just as they envisioned. Customer reviews praise the company for the quality of the work they do, the professionalism of the installation crew, and the customer service provided by the rest of the staff.

One reviewer writes, "Our HOA used Blingle to decorate our neighborhood's main entrance and were very happy with the service and professionalism. Blingle's designers came up with a lighting package that perfectly captured the character of the neighborhood. We received numerous compliments about the lighting. Blingle was prompt and timely with the installation and removal of the lights. When an animal chewed through one of the lighting cables, Blingle responded the day we called and had the lights back on that evening."

Another customer says, "Ethan from Blingle Holiday Lighting came out and gave us a quote last November. He was great at hearing what we wanted and recommended some things for us. Everything turned out great and looked great. We didn't have any problems with any of the lights and we live on top of a hill so it's pretty windy all the time in the winter. They came out and took everything down in Jan. Very happy with everything and will definitely be using them this Christmas season!"

Blingle! of Fairfield County serves property owners in Stamford, Greenwich, Norwalk, New Canaan, Darien, Danbury, Trumbull, Shelton, Westport, Fairfield, Rowayton, and nearby areas. The full range of lighting installation services offered by Blingle includes holiday lighting, landscape & patio lighting, permanent lighting, event lighting, and commercial lighting.
