

Professional Roofing Repair and Replacement Contractor in Ooltewah Tennessee Employs Advanced Home Improvement Technology

September 22, 2023

September 22, 2023 -

Mighty Dog Roofing of Greater Chattanooga, a roofing contractor based in Ooltewah, TN, is proud to point out that they employ advanced home improvement technology to help their clients. This is the Mighty Dog Visualizer app, which enables the homeowner to try various colors and materials for the roof and other parts of their home to allow them to customize the appearance of the home's exterior. The company provides a range of services in Ooltewah and surrounding areas, such as: gutter installation, gutter inspection, roof installation, roof inspection, commercial roofing, roof repair, attic venting, and gutter repair. Those who would like to know more about the roofing contractor and their services can visit company website.

Aside from the cutting edge Mighty Dog Visualizer app, they also provide the Drone Superscan to conduct unbiased roof inspections that can be used as basis for roofing projects that they undertake for the client. Using drone technology with smart intelligence analytics, they can provide a trustworthy and verifiable inspection information. The information gathered can be set as the baseline health of that particular client's roof.

Mighty Dog Roofing follows a 25-point inspection plan, which includes: eaves and rakes inspection; inspection of siding; inspection of step counter flashing; inspection of storm damage caused by hail; drip edge inspection; inspection of valleys; inspection of storm damage caused by the wind; roof edging inspection; inspection of furnace caps and pipes; inspection of gutter aprons; plumbing stack inspection; chimney inspection; inspection of step and counter flashing; downspouts inspection; ventilation inspection; hip and ridge inspection; foundation drainage inspection; nail head inspection; attic inspection; air conditioning unit exterior inspection; gutters inspection; window inspection; roof ventilation and exhaust system inspection; soffits and fascia inspection; and inspection of roof sheathing or decking. Those who need more info regarding the drone inspection can visit web site.

Another distinctive feature of the roofing services provided by Mighty Dog Roofing is their Watchdog Maintenance service that they perform each year. They will check on the roof and other external components of the home or building for any potential roof problems while they are still minor issues. They will provide the necessary fix for these minor issues to prevent them from becoming more serious problems later on. They will provide the client with annual maintenance reports that will be useful when making insurance claims. These reports may also be used by the realtors when it comes time to sell the home. They will also make annual comparisons of the maintenance reports to determine how long the roof may still last.

Still another unique feature of the services offered by Mighty Dog Roofing is the Customer Vault. This serves as a personal information storage for each of their clients. Any appropriate detail or information about the client's roof or property is stored in the Customer Vault. These include: reports on monitoring of all repairs and replacements with dates, products, and services used; yearly updated drone inspection information; warranty information; photographs and videos; insurance information repair records; manufacturer information; yearly reminders for the inspection of the customer's roof; reports for the customer's realtor/insurance agent; and all insurance details for easy and convenient claims handling.

Mighty Dog Roofing of Greater Chattanooga is owned and operated by Kyle Mize, who has developed his leadership skills while working in manufacturing companies. His focus was on leading teams, stimulating product innovation, refining processes, and complying with performance projects. Now, as a stakeholder at Mighty Dog Roofing, he is focusing his energy on providing exceptional experiences for his clients and facilitating the provision of the best possible solutions.
