

Personal Development Plan Coach Supported Online Course Master Key Experience 2023-24 Started

September 20, 2023

Kekaha, Hawaii - September 20, 2023 -

Training Solutions has announced that enrollment is open for their Master Key Experience 2023-24 online personal development course. Their unique, hands-on, expert coaching support for participants' personalized growth over 26 weeks is widely considered to be a crucial feature. Students say the program cuts through the five mental blocks to end frustration with unmet goals and procrastination. Ninety-four percent of participants report being happier, healthier, and more successful.

Below are some testimonials from past participants of the program.

Lydia Johnson, an author and a professional trainer, stated, ?I have pronounced confidence and belief in myself and the future of my business. My old way of thinking, which was not giving me what I want, is weakening daily, and my new energized faith, hope, and belief are kicked into high gear! It?s an amazing feeling to be charged up every day!"

Sue Ellen Nauss from Minnetonka, Minnesota, wrote the following review, ?The tools I learned and implemented allowed me to improve my life in two essential areas. I doubled my income during the program (2015-16), and it has continued to grow. I also learned to deal with the challenges of interacting with difficult people in my life by understanding what I truly want and how to use the tools to stop negative thought cycling and stay focused on what moves me forward.?

The Master Key Experience (MKE) course and the five mental blocks are explained by clicking the video at https://followlink.cc/masterkeyexperienceguide.

Founded by renowned self-help authors and professional worldwide trainers Mark and Davene Januszewski, the MKE is a journey of self-discovery based on principles from Charles Haanel's influential book "The Master Key System."

Haanel's Master Key outlined timeless strategies for life improvement through focused thought, belief, visualization, and mindset shifts. In this course, the program developers have brought these principles to life in a modern, easy-to-follow format.

Past participants state that MKE creates an environment where they discover the brave explorer inside them who is curious and learns without being self-conscious. Participants can then reveal to themselves the extraordinary things that make them unique.

The 2023-24 Master Key Experience features weekly support videos and webinar training sessions where Mark and Davene engage members with motivational insights and real-world guidance. Participants gain access to in-depth lessons on discovering purpose, building self-confidence, transforming limiting beliefs, and more. Assigned activities help participants learn good, healthy routines. It is reported that these skills significantly improve communication, and the associated activities and tools enable participants to prosper.

Experienced, dedicated, and fully trained guides are assigned to each participant in this program. The trained guide encourages and supports the member's self-directed growth. Past members report gaining valuable perspective and feedback as they work towards personal breakthroughs.

The Master Key Experience 2023-24 online course runs from September 2023 to April 2024. Enrollment is limited to ensure an intimate experience for the course participants. No tuition fees are required to join the program experience. The course is on a pay-it-forward scholarship model. Previous members applied for a "pay-it-forward scholarship." As the number of program participants is limited, scholarships are also limited.
