1970s Panthella Lamp Sees Resurgence Across Australia

October 10, 2023 -
Brisbane based Replica Furniture is tracking a resurgence in popularity of 1970s Panthella Lamp designs. Classic furniture enthusiasts across Australia, the store says, are rediscovering the popular design and falling in love with it all over again.

As one of the top suppliers of classic furniture, Replica is pleased to announce that they have various versions of the lamp available for purchase and have already seen a lot of their Australian customers inquire about the design. They stock Replica Panthella Lamps in a wide range of colours and variations. This includes both table and floor lamps.

?Based upon the original 1970's design and constructed from metal, the Replica Panthella Floor Lamp features a slender pedestal base that is topped with a dome shade,? says Panthella Lamps. ?The Replica Panthella Floor Lamp is an adaptable piece that can be placed in an office reception area or in a home lounge space. This designer floor light will provide drama and colour as well as brightening a darker corner.?

The Panthella?s popularity is due not only to its striking, distinctly retro design, but also the incredibly high

quality and durability it offers. The shade of the retro lamp is made of metal, meaning that it illuminates in a single direction (downwards) and is quite sturdy. The Panthella floor lamp, like many other versions of the product, requires only one light bulb, and Replica?s version of the product only requires minor assembly.

The design, which has been compared to an umbrella or mushroom, is simple, odd, striking, modern and retro all at once, and it is this quality that keeps it coming back into the community?s hearts over and over. Panthella lamps tend to come in a wide range of bright colours, offering homeowners and decorators a wide range of options when it comes to finding the right lamp for their home. In the 70s, when the lamp first appeared on the scene, it quickly became almost ubiquitous in modern-style homes, and now Replica Furniture wants to help to bring the Panthella lamp back for retro furniture enthusiasts.

The Panthella lamp is just one of many retro furniture classics making a comeback. Whatever the design, Replica Furniture has a wide array of high quality recreations of beloved designs and is always adding more to the list. They produce all kinds of furniture, from dining chairs and benches to sofas and designer lighting, all of which are made exclusively by skilled craftsmen using high quality materials. Those curious may read about the many different variations of the Panthella lamp that Replica has available on their website. From floor lamps to the incredibly popular mini panton Panthella light bedside, Replica Furniture offers nothing but quality.

Gillian says about their experience with Replica Furniture, ?It?s a pleasure to discover something wonderful at every turn. Even if not your taste you have to appreciate the design and the quality of the products on offer, products that we haven?t come across elsewhere in physical shops. The prices were surprisingly affordable, especially considering the high-end style of many of the items. I do shop online, but it?s great to get a feel for the practicality of your potential purchase. The staff were perfectly sensitive to our wish to browse and also to ask questions. I really like this shop.?
