# Roofing Company in Sanpete County Gains Another Five Star Review

*September 28, 2023*

September 28, 2023 -
Clean Cut Roofing & Siding, a company based in Mount Pleasant, Utah, offering their services in the Sanpete County area takes pride in announcing they have received another five star review from a satisfied customer. Currently, they have an overall rating of 5.0 out of 5 stars on Google. The company has gained the reputation of providing affordable and reliable roofing services in Sanpete County and neighboring areas. When looking for a roofing company Sanpete County residents can depend on them to provide the necessary services.

In the above-mentioned five star review, Kim Parry said, ?As new home owners and being so young we don?t know all the good companies yet but we definitely found a good roofing company when we found Clean Cut! I called 15 different companies. Some didn?t come out where I live, some just didn?t answer their phones and, some said they would come but never showed up even though I told them it's raining in my house! I luckily found Clean Cut Roofing and Siding, first time calling they picked up and I had Josh come out and give me a quote on my roof within just a few days! They even have payment plans for those who can?t afford to pay all up front that are actually pretty reasonable. They just finished my roof last week and I?m very impressed with it and most of all I?m so happy it?s not raining in my house no more! I?ll be recommending

them to everyone. Thank you and your team for being a great honest and reliable company to deal with.?

Vern Akauola, owner of Clean Cut Roofing & Siding, says, ?For more than ten years, it?s been our privilege to provide some of the best Sanpete County roofing contractor services available ? roofing and siding solutions that our friends, neighbors, and fellow community members can be proud of. Significantly, our company is one of only five roofing companies in the state of Utah to be certified as a Malarkey Emerald Premium Contractor, giving us an opportunity to offer our customers a completely non-prorated material warranty as well as a 15 year workmanship warranty on all of our shingle re-roofs.?

As a roofing contractor Sanpete County residents can depend on, Clean Cut Roofing & Siding can offer asphalt shingles roofing repair, replacement, or installation. It continues to be the most affordable type of roofing material. In addition to that, asphalt shingles are very durable and versatile. When installed properly by expert roofing professionals, such as those from Clean Cut Roofing, asphalt shingle roofs can last for 30 to 50 years.

In Utah, the average replacement cost of an asphalt shingle roof ranges from $10,000 to $18,000. This is substantially less than the national average of $20,000 to $44,000. Nevertheless, that is still a significant amount of money, which is why it is vital to get the services of a reliable roofing contractor. Clean Cut Roofing & Siding will make sure to use high quality asphalt shingles and provide full warranties direct from the manufacturer.

Clean Cut Roofing & Siding is a provider of roofing services for Sanpete County and nearby areas. The company has been in business for more than 19 years. Their roofing professionals have 25 years of experience and can handle the installation or repair of roofing and siding, including vinyl, smart LP siding, and James Hardie siding for all styles, including soffit and fascia. The company is a family operated and oriented business, which provides them with a unique insight into the value of safety while performing the work. They always strive to make customers 100 percent satisfied with the work they provide, which has been proven by their five star reviews and having been voted the best Sanpete County Roofing Contractor for 10 years straight. Their service area includes: Juab County, Emery County, Sanpete County, Millard County, Carbon County, and Sevier County.

When in need of services for roofing Sanpete County residents can check out the Clean Cut Roofing & Siding website or contact them on the phone or through email.
