Smart Medigap Plans, a company founded by Medicare insurance specialist Mike Hagan, is helping seniors in Texas get the right advice about Medicare insurance plans through personal one-on-one consultations.

Mike Hagan helps seniors navigate the confusing maze of Medicare and come out the other end with a clear understanding of the system and the best options available to them. Billing himself as a personal Medicare concierge, Mike offers pertinent advice that can help seniors secure their future and their finances by getting fully covered for their needs under Medicare.

Mike says, ?My goal is to bring clarity and help you understand your Medicare insurance options so that you can make the right choice for your personal situation. My years of experience in the industry will demystify the process and help you understand your options so that you can make an informed decision. I am AHIP certified, FFM Certified, and hold a Texas License #2172614.?

Medicare is the federal health insurance program for people who are 65 or older and select individuals from the general population. It has several parts including Medicare Part A which covers inpatient hospital stays, care in a skilled nursing facility, hospice care, and some home health care, Medicare Part B which covers certain doctor services, outpatient care, medical supplies, and preventive services, Medicare Part C which is Medicare Advantage offered by private providers, and Medicare Part D which offers prescription drug coverage.

?There is just so much to know about Medicare,? Mike says, ?that I completely understand the confusion and apprehension that my clients have when I start explaining its intricacies. Moreover, once you are enrolled in Part A and Part B, you are spoilt for choice when it comes to Advantage plans as well as Medigap policies, the latter of which covers some of the health care costs that original Medicare does not cover, like copayments, coinsurance, and deductibles. It is easy to get lost. If you are searching online for a ?Medicare broker near me in Texas,? call me today and let me help you get the best coverage.?

Apart from being a guide to the world of Medicare, Mike Hagan also offers Medicare brokerage services. He has options from over 20 carriers and can help his clients find the right plans from all major brands such as United Healthcare, Cigna, Aetna, Humana, Blue Cross Blue Shield, and more. Moreover, since he does not represent just one brand, Mike can find the best plan for his clients from those offered by multiple competitors.

The service offered by Mike does not stop once his clients are enrolled in Medicare plans. He follows up 3 years down the road to verify they are still on the most affordable plan and, if not, he helps them change to a better plan as carrier rates keep rising every year.

?My clients love me for the service I provide,? says Mike. ?I treat all my clients like I would treat my own mother if I was searching for the right coverage for her. This dedication to always looking out for my clients? best interests is what has earned me their trust. I have been doing this for over 6 years now and have left everyone I work with completely satisfied.?

Mike Hagan?s work has been recognized by his clients as he boasts a perfect 5.0 out of 5.0 overall rating on his Google Business Profile from over 10 reviews. Customers praise Mike for his vast number of coverage options and his friendly and responsive customer service.

A recent review says, ?Mike was the best Medicare broker and broke down Medicare and made it easy for me to understand. I highly recommend them.? Another client writes, ?Mike really helped me out with my insurance and thoroughly explained everything in simple terms. Highly recommend.?
