

Roofing Company in Norwich CT Gains New Five Star Review

September 28, 2023

September 28, 2023 - PRESSADVANTAGE -

Sullivan Contracting, a roofing contractor based in Griswold, CT, and serving Norwich and neighboring areas is proud to announce they have received another five star review from a satisfied customer. The company has established a reputation as a reliable roofing contractor Norwich CT residents can depend on. In a recent review, Jo-Ann Burgess gave them a five star rating and said, "Great experience, Jake was awesome across the board. Felt like he truly cared about my home and best interests. Everything was explained and put in writing, and performed as such. Need them for windows and other projects."

Sullivan Contracting offers roofing services, vinyl siding services, windows services, decks services. "In Eastern Connecticut and the surrounding areas, Sullivan Contracting sets the standard for roofing services," says George Sullivan. "Homeowners looking for reliable and dependable roofing contractors come to us for all their roofing needs whether it's to address a small leak or provide a full replacement service. Once you give our skilled teams a call, we'll come out and evaluate the situation. We'll carefully inspect your roof to discover the source of the problem or determine the size of the project in the case of an installation. Once we've determined the scope of the project, we'll provide a free detailed proposal for the cost and the work to be done."

Sullivan Contracting offers roof leak repair, roof maintenance, and roof replacement services. They can offer routine inspection of the roof for homes and properties that require it. This is essential for those who want to keep their roof in optimal condition and prevent minor problems of the roof from growing into more serious problems. And for those residential and commercial properties that require roof replacement, the professional roof technicians from Sullivan Contracting are ready to replace the old roof with a new and reliable roof.

Meanwhile, in addition to roofing services, they can also provide vinyl siding installation in the area. George Sullivan says, "Vinyl siding is designed to look good for many years, retaining its original color despite extreme exposure to the elements. This siding product also delivers impressive performance without requiring any maintenance."

Vinyl siding stands out among the various exterior siding options available on the market. This is due to the excellent value that it provides. First of all, the vinyl material tends to shed moisture instead of absorbing it. Second, it will not easily be damaged by moisture and it will not support the growth of mold or mildew. Third, vinyl siding hardly requires any maintenance since it is immune from mold and moisture damage. Fourth, there is a wide range of colors and styles to choose from. Fifth, the higher grades of vinyl siding are thicker and have better rigidity and impact resistance.

Vinyl siding expands and contracts substantially according to the temperature, which is why it is not solidly nailed to wall sheathing. Rather, each siding is installed and allowed to "float" on slotted nailing fins. That is why it has to be installed by professional installers such as those from Sullivan Contracting.

Sullivan Contracting is also capable of providing energy efficient replacement windows for homes. Homeowners can choose from vinyl windows, wood windows, fiberglass windows, and aluminum windows. Finally, Sullivan Contracting is also an expert wood deck contractor for Eastern Connecticut. Homeowners can choose from a wide range of hardwood and composite decking materials.

Sullivan Contracting is a family-owned and operated provider of roofing services to homeowners for more than 10 years. This roofing contractor has a professional upper management team with a combined experience of more than 20 years. They are fully bonded, insured, and licensed, with industry leading manufacturer warranties. They also offer sidings, windows, and decks. They offer full guarantee from beginning to finish and they make sure to use the highest quality products and offer financing options. Their service area includes Tolland, Middlesex, Hartford, New London, and Windham Counties.
