

Carpets & Flooring Available At New Kent Showroom

October 04, 2023

Kent, England - October 04, 2023 - PRESSADVANTAGE -

AllFloors Trade Center, based in Kent, UK, is inviting the community to come celebrate the opening of their brand new, state-of-the-art showroom. The showroom was designed from the ground up to give visitors easy access to virtually every carpeting and flooring option the store offers as well as uphold a superior customer experience. See more about the store, its products and services at the following link: [Carpets Kent](#).

In addition to variety, which customers will find in abundance when they pay the new showroom a visit, AllFloors Trade Center provides fitters who can ensure a customer's choice is correctly installed in their home. Where they might otherwise have been obliged to contact a third party for assistance installing the carpeting or flooring in question, they are instead welcome to work with the team provided by AllFloors Trade Center. This team comes with the store's guarantee of quality work, thus assuring customers that their new carpets or floors will not be ruined during installation.

Further, the store points out that an in-house team carries certain advantages over third party services. To begin with, each member of the team is familiar with the store's products, so there is less room for error. They understand what materials are best for any given situation, making them invaluable to customers who are unsure of what their home or property needs. As a result, customers are able to make informed decisions for their home's new flooring regardless of their personal experience in the matter.

This may be even more important once customers get a look at the sheer variety that is available at AllFloors Trade Center. The store aims to position itself as the go-to carpet supplier in Kent, and no time has been wasted in pursuit of this goal. Today, the store offers a vast range of styles, colours, and types to ensure customers can choose whatever suits their home and preferences best.

Further, those who would like help making the right choice are always welcome to consult with the store's helpful staff. The team at AllFloors Trade Center is more than happy to help customers out, be it with technical matters or simple questions of taste. Every member of the team has an eye for detail and a desire to be helpful, traits which ultimately benefit the shopper.

Local residents have been relying on the store's services for years already, with many sharing high praise about AllFloors Trade Center both online and off. For instance, Nadine S. shares in a recent review that her household used the company to install both floors and carpets, to great satisfaction.

The review explains, "From start to finish I'm really pleased we chose AllFloors for all our flooring needs. From the welcoming and knowledgeable staff in the showroom, to the fitters who all went over and above and had great attention to detail. I'm really pleased with the quality of flooring chosen throughout and prices we paid. Communication from the team was very timely, and nothing was too much trouble, I would highly recommend AllFloors to anyone needing flooring from carpets to LVT, and I will definitely use them in the future."

An older review from Paul J. concurs with these comments, sharing that, "AllFloors provides an excellent service, and I would recommend them highly. They are competitive, supportive, do a great job and are proactive in solving problems even when those problems have nothing to do with them. When the floor developed problems with the sub-floor, John (the director) took charge and worked seamlessly with the builder and underfloor heating company in order to reach a solution. Allfloors proposed the adopted solution that addressed the problems, allowing them to make a perfect job of laying the Amtico. Many thanks to AllFloors for a first class service. I will use AllFloors again."

AllFloors Trade Center is equally comfortable working with residential and commercial customers, and this applies to the store's fitters as well. Whatever a property needs, the store can deliver, and customers are invited to visit the new showroom in Kent to explore everything on offer.
